STEP 2: PLACEMENT TEST

• Choose your starting level.

The placement test is an **adaptive one**. The number of questions and therefore the length of the exam, is adapted to the student's ability and the test is developed in order to fine-tune by increasing or decreasing the difficulty by one level after each response. The initial level is determined by students' self-evaluation on the basis of the Common European Framework self-assessment grid.

The test is composed of multiple choice, true and false and cloze questions.

The test **must be finished within 2 hours**. Test results are valid for 6 months
