**Laboratory for the Analysis of  
Radiocarbon with AMS (LARA)**

Bern, 22<sup>nd</sup> February 2023

**Quotation for radiocarbon dating analyses**

6 analyses of radiocarbon ( $^{14}\text{C}$ ) of bone samples from Ukraine are performed under the following conditions:

Item	Quantity	Unit value	Total value
$^{14}\text{C}$ dating analysis	6	250.00 CHF	1'500.00 CHF
Sum			1'500.00 CHF

The above-mentioned net cost price is offered on the basis of a collaborative project including joint publication of the results.

Payment is to be received in Swiss Francs (CHF) upon an invoice issued by the University of Bern (VAT No. CHE-115.250.351).

Yours sincerely,

Sönke Szidat
