OTB is an international fashion group powering a range of global, unconventional brands, including Diesel, Maison Margiela, Marni, Viktor&Rolf, and Jil Sander. The group also controls the Staff International and Brave Kid companies and holds a stake in L.A. brand Amiri. As its name suggests (OTB, short for “Only The Brave”), the group pushes boundaries and challenges established rules to redefine the world of fashion and lifestyle. OTB fosters the creativity of international talents and expresses the brave, innovative and unapologetic spirit and vision of its founder and chairman Renzo Rosso. With more than 6,000 employees worldwide, the Group is based on a customer centred digital approach, a concrete long-term commitment to the creation of a sustainable and technologically driven business, and a close attention to social issues through the OTB Foundation.

We are looking for young, curious, motivated and brave talents, to join our group! We love entrepreneurial people that take responsibilities from Day One, and strive to achieve their goals. If you think you have the right characteristics to join our brave family, you can keep an eye on open vacancies through our website: https://careers.otb.net/

During your 6 months full-time internship (experience in OTB group), you will put your hands-on different challenges, experiencing what it means to work in a fast-paced environment. You will support the Managers and the Functional Team working within a dynamic, young and international environment, full of challenges!
