ERASMUS+ FOR INTERNSHIP
2ND CALL FOR APPLICATIONS
ACADEMIC YEAR 2021/2022

Art. 1 - Subject of the selection and information on the Erasmus+ programme for internships

1.1. For the 2021/2022 academic year, Ca’ Foscari University of Venice, as part of the Erasmus+ Internship Program, Mobility for Individuals and Mobility Consortia, offers its students who are regularly enrolled in Bachelor’s Degree Programmes, Master’s Degree Programmes and PhDs the opportunity to carry out an internship with a scholarship, at affiliated institutions, in one of the countries of the European Union and the European Economic Area (EEA) as better specified in the following articles. The programme allows you to take advantage of a period of mobility abroad with Erasmus status for up to a maximum of 12 months for each study cycle (1st cycle: Bachelor’s Degree Programme, 2nd cycle: Master’s Degree Programme, 3rd cycle: PhD). The calculation takes into account the monthly payments made both for study (Erasmus+ for study) and for the internship (Erasmus+ for internship).

1.2. The student benefiting from the internship will have the opportunity to acquire specific skills and a better understanding of the socio-economic culture of the host country and to study his/her language skills in depth. Ca’ Foscari University of Venice guarantees the beneficiary students the recognition of the activities indicated in the "Learning Agreement for Internship (LAT)" and successfully completed. The recognition of the training activities undertaken by the student at the host entity, as well as the confirmation of the right to the internship grant, can be refused if the student does not reach the level of profit required by the host entity or does not meet the conditions required by the parties involved for recognition.

In this case, the student may also be required to return the scholarship received.

1.3. The Erasmus+ Internship Programme foresees that the internship grant can also be used with the status of recent graduate and new PhD, as long as the beneficiary is selected when still enrolled and carries out the internship within 12 months from the issue of the degree itself and in any case within the time limits set by this call for applications.

1.4. The monthly payments for the 2021/2022 academic year that the University is putting out to tender through this call for applications are 388. The final number of monthly payments may vary according to the destinations of the assigned internships and consequently the amounts used to finance them.

1.5. Based on the indications of the Governing bodies of Ca’ Foscari University of Venice, it is possible to carry out in-person internships abroad provided that the University, the host entity and the regulations of the country in which one is currently domiciled and/or resident and that of the country of destination allow it, before the actual beginning of the internship and during it.

Students are invited to independently verify these conditions and to consider the potential risks in terms of health, costs and possible inconveniences, of any kind, related to the eventual carrying out of their internship abroad.

If, after a careful evaluation, they opt to carry out the internship in the country of the host entity, they will be required to sign a Disclaimer for in-person internships in which they release the University from any responsibility related to the current Covid-19 emergency.

The University cannot be held responsible in any way for problems that may arise in the event that the beneficiary does not follow the directives indicated by the Foreign Internship Unit.
1.6 Internship grants are awarded exclusively for full-time activities of internship at a company affiliated with Ca’ Foscari. According to the provisions of the European Commission in relation to the current emergency situation, these internship activities, for the academic year 2021/2022, may take place in the following ways:

   a) Virtual: internship carried out entirely remotely from Italy or the Country where the host entity operates

   b) Blended: internship that combines a part carried out remotely from Italy and one carried out in person at the host entity

   c) In person: internship carried out entirely in person or in part remotely and in part in person at the host entity (which can be done if the student has first verified that the appropriate safety conditions are met).

The method chosen by the beneficiary will determine a different consideration of the scholarship awarded as specified in Article 2.1.

It is not possible to take exams during the Erasmus+ mobility period for internships, under penalty of the return of the scholarship and cancellation of the internship. In the case of newly graduated interns, the recognition in training credits (CFU) does not apply, as they have concluded their academic career. Research activities are eligible to the extent that they include practical duties at laboratories, centres or other facilities.

1.7. It is the faculty of the host entities to provide for benefits or forms of reimbursement of expenses in favour of the interns, which do not constitute incompatibility with the scholarship. Erasmus+ activities for internships within a project, action or programme funded or otherwise co-funded by the European Commission are not eligible.

Art. 2 – Internship grant and duration

2.1. Because of the emergency due to the pandemic caused by COVID-19, the main points of the recent guidelines received from the European Commission on the management and reporting of mobility activities are summarised below, based on the way in which the internship of the beneficiary will take place.

   a) **Virtual internship carried out entirely from Italy**: it is possible to carry out the entire internship in the smart-working mode entirely from Italy, without any financial contribution. In this case, there are no restrictions on the duration of the virtual mode; however, it must be duly documented, presenting the documents that the Foreign Internship Unit will request from the intern.

   b) **Internship in the country where the host entity operates, entirely virtual or partly virtual and partly in person**: the beneficiary, who was already, for personal reasons, in the country where the host entity is based, can carry out the entire internship in the smart-working mode, or combine a period in smart-working with one in person at the organisation.

      The mobility must be duly documented, presenting the documents that the Foreign Internship Unit will request from the intern.
The internship must last at least 2 full and continuous months and foresees the disbursement of the Erasmus+ scholarship for internship, of which the monthly amounts are summarised in the table:

| Group 1 (high cost of living): 400 €/month | Denmark, Finland, Iceland, Ireland, Luxembourg, Sweden, Liechtenstein, Norway, the United Kingdom |
| Group 2 (average cost of living): 350 €/month | Austria, Belgium, Germany, France, Greece, Spain, Cyprus, Holland, Malta, Portugal |
| Group 3 (low cost of living): 350 €/month | Bulgaria, Croatia, Czech Republic, Estonia, Hungary, Latvia, Lithuania, Poland, Romania, Slovak Republic, Republic of Serbia, Slovenia, former Yugoslav Republic of Macedonia, Turkey |

The total payment of the scholarship will be disbursed within approx. 30 days from the receipt of the “confirmation of arrival”. The scholarship will be credited exclusively to the University Account Card, which must be activated as soon as the internship is confirmed. Only newly graduated interns, who can indicate a current account of which they are holders or co-holders, are exempt. The European Union financing must be repaid if the minimum duration of 2 full and continuous months is not respected.

c) **Blended internship**: "blended" means a virtual period of internship from Italy combined with an in-person period of internship at the host entity, without overlapping.

In this case, the physical component must comply with the provisions of art. 1.5 in addition to the minimum duration of 2 full and continuous months.

The Erasmus+ scholarship for internship will be paid exclusively for the period of physical mobility, within approx. 30 days from the receipt of the “confirmation of arrival”, according to the monthly amounts indicated in the table:

| Group 1 (high cost of living): 400 €/month | Denmark, Finland, Iceland, Ireland, Luxembourg, Sweden, Liechtenstein, Norway, the United Kingdom |
| Group 2 (average cost of living): 350 €/month | Austria, Belgium, Germany, France, Greece, Spain, Cyprus, Holland, Malta, Portugal |
| Group 3 (low cost of living): 350 €/month | Bulgaria, Croatia, Czech Republic, Estonia, Hungary, Latvia, Lithuania, Poland, Romania, Slovak Republic, Serbia, Slovenia, former Yugoslav Republic of Macedonia, Turkey |

The scholarship will be credited exclusively to the University Account Card, which must be activated as soon as the internship is confirmed. Only newly graduated interns, who can indicate a current account of which they are holders or co-holders, are exempt. The contribution must be returned if the minimum duration of 2 full and continuous months is not respected.
d) **Internship carried out entirely in person at the host entity:** given the persistence of the COVID-19 emergency, an entire internship carried out in person at the host entity must be previously authorised by the Foreign Internship Unit, as per art. 1.5.

The mobility must be duly documented, presenting the documents that the Sector will request from the intern.

In this case, the internship must last at least 2 full and continuous months, and it foresees the disbursement of the Erasmus+ scholarship for internship, of which the monthly amounts are summarised in the table:

<table>
<thead>
<tr>
<th>Group 1 (high cost of living): 400 €/month</th>
<th>Denmark, Finland, Iceland, Ireland, Luxembourg, Sweden, Liechtenstein, Norway, the United Kingdom</th>
</tr>
</thead>
<tbody>
<tr>
<td>Group 2 (average cost of living): 350 €/month</td>
<td>Austria, Belgium, Germany, France, Greece, Spain, Cyprus, Holland, Malta, Portugal</td>

<tr>
<td>Group 3 (low cost of living): 350 €/month</td>
<td>Bulgaria, Croatia, Czech Republic, Estonia, Hungary, Latvia, Lithuania, Poland, Romania, Slovak Republic, Serbia, Slovenia, former Yugoslav Republic of Macedonia, Turkey</td>
</tr>
</tbody>
</table>

The total payment of the scholarship will be disbursed within approx. 30 days from the receipt of the “confirmation of arrival”. The scholarship will be credited exclusively to the University Account Card, which must be activated as soon as the internship is confirmed. Only newly graduated interns who can indicate a current account of which they are holders or co-holders are exempt.

The European Union financing must be repaid if the minimum duration of 2 full and continuous months is not respected.

2.2. With regard to points b) - c) - d) of Article 2.1, the following is also specified for the purpose of allocating the Erasmus+ scholarship:

- an eventual quarantine period imposed by the rules in force in the host country, may be counted for the purpose of determining the total duration of the mobility and the relative contribution

- notwithstanding the fact that the contribution is paid for an internship with a minimum duration of 2 full and continuous months as per EU regulations, the Ca’ Foscari University of Venice will be able to guarantee economic coverage for the first 3 full months and zero days of internship carried out in the country of the host entity. To calculate the financing, you can use the Grant Calculator, the calculation tool provided by the European Union, available on the web page: [http://www.unive.it/pag/11694](http://www.unive.it/pag/11694)

- in the event that the internship lasts more than 3 months, the intern can carry out his/her internship in the “zero grant” mode, maintaining the status of Erasmus+ student in the months exceeding the third

2.3. It is possible to request an extension of the internship, in agreement with the host entity and subject to approval by the Foreign Internship Unit, provided that the request is made during the last month of the internship.

The financing for the months of a possible extension, such as for the months exceeding the third agreed upon in advance, is subject to the approval of the Foreign Internship Unit according to the financial availability.

2.4. The starting and ending dates must be agreed upon in advance with the host entity and the Foreign Internship Unit, which will use the Grant Calculator to calculate the monthly payments. In accordance with the Italian law, internships for recent graduates cannot last longer than 6 months.

2.5. The period of internship is to be understood as continuous (at least 20 hours per week). Failure to complete the minimum period foreseen by the programme (i.e., 2 months) will result in the total return of the scholarship.
In case of closures for holidays or for other reasons by the host entity, the beneficiary must inform the staff of the Foreign Internship Unit to define the methods of recovery of the period, in order to respect the minimum stay required by the call for applications and not to lose the scholarship of mobility.
National holidays must not be made up for.

2.6. Internships can start from **20 June 2022** and must be completed by **30 September 2022**.

2.7. Ca’ Foscari University of Venice guarantees its beneficiaries insurance coverage for civil liability towards third parties and accidents at work. Contracts relating to insurance coverage for accidents and third-party liability cover only the accidents that occur during the activities of internship.

**Art. 3 – Host entities**

3.1. Activities of internship can be carried out at the following host entities, with registered offices in one of the countries foreseen by the Erasmus+ Internship Programme:

- institutions, businesses and/or private companies

This must be clearly indicated in the work plan (Learning Agreement for Internship), specifying that it is not an activity already foreseen in other European Union programmes, in order to avoid conflicts of interest and/or double financing.

3.5. The eligibility of host entities and internship projects proposed by individual candidates will be subject to evaluation by the Foreign Internship Unit, which reserves the right not to accept proposals deemed inadequate.

3.6. If the candidate wins the call, he/she must then send the Agreement in duplicate copy to the Foreign Internship Unit, according to the indications he/she will receive at the start of the internship and in any case within 1 month from the starting date of the internship.

It is not possible to change institution once you have won the selection, unless there are serious reasons attributable to the institution itself, which must be discussed with the staff of the Foreign Internship Unit.

**Art. 4 – Admission requirements**

4.1. The following categories of beneficiaries can participate in the call for applications: students, graduands (who will have to carry out the internship as a new graduate) and PhD students.
