FOR THE PARTICIPATION IN 6 BLENDED INTENSIVE PROGRAMMES
ORGANISED BY THE UNIVERSITY OF BABEȘ-BOLYAI (CLUJ-NAPOCA, ROMANIA)

(Deadline 24th October 2025 – h 12:00 p.m. noon)

ART. 1 – Presentation of the Blended Intensive Programme (BIP)

The virtual component must bring the learners together online to work collectively and simultaneously on specific assignments that are integrated in the blended intensive programme and count towards the overall learning outcomes. **BIPs are addressed in particular to students with fewer opportunities, who might have greater difficulties in carrying out a long-term mobility**.

3. The present Call aims at selecting **students for the following BIPs organized by Babes-Bolyai University (Cluj-Napoca, Romania), partner of Ca' Foscari in the frame of the European University EUTOPIA, which will be offered in English and are planned as follows:**

4. Each BIP consists of two types of mobilities, both mandatory for the participation and recognition of the activity:

   a) **A virtual mobility**, which allows students to meet online with teachers, students and students of foreign universities and to work on a programme in order to achieve specific learning outcomes. It is a compulsory and complementary activity to the physical mobility that does not allocate any financial contribution.

   b) **A short-term physical mobility** at the University of Babeș-Bolyai in Cluj-Napoca (Romania), which provides for the allocation of specific mobility grants for the duration of the activities carried out in person, in accordance with art. 4 of this Call for Application.

   The University of Babeș-Bolyai offers the possibility to benefit from reduced fees for housing (see Annex 1).

5. Selected students will be exempted from corresponding tuition fees to take part in the BIP.

6. Selected students will be required to comply with all procedures that will be communicated by the International Office after the selection process. The attendance of the activities planned by the BIP is mandatory, the mobility cannot be reduced, except for documented cases of *force majeure*, which will be evaluated by the International Relations Office and the institution organizer of the BIP.

7. During the BIP students cannot carry out the following activities at Ca' Foscari University of Venice:
   • Academic activities (courses and exams, even if provided remotely); this obligation does not apply to mandatory online courses required for students of the International College, provided that they do not interfere with the attendance of BIP activities.
   • Tutoring activities, student collaborations, laboratory practice, internships and equivalent activities, even if carried out remotely;

• All activities that might interfere with courses and all activities planned in the framework of the mobility period.

8. Selected students who will not conclude all mobility procedures correctly, or who will graduate before the recognition of the activities carried out during the mobility period, will have their mobility cancelled and will be requested to reimburse the grant received. Ca' Foscari University of Venice reserves the right to decide whether to block the student's academic career.

9. It is each student's responsibility to consider possible health and security risks that they might incur during the mobility, and to frequently check the website www.viaggiaresicuri.it.

10. In case the mobility is interrupted due to documented causes of *force majeure*, the International Office (hereafter referred to as IRO) will submit the relevant documentation to the Italian Erasmus+ National Agency INDIRE, which will decide whether to approve the request of interruption and recognise the mobility period carried out.

11. Should selected students be subject to disciplinary action, or should they have failed to comply to the regulations of previous or ongoing mobilities, their mobility will be cancelled and, should their mobility have already started, the IRO will ask for the reimbursement of the grant received.
