A word from the Rector
Dear Students,

Welcome to Ca’ Foscari and welcome to the city of Venice.

Founded in 1868 as the first Business School in Italy and the second in Europe, Ca’ Foscari has always stayed true to its natural vocation of promoting research and education world-wide, and is today well-known both for the excellence of the latter and for its network of international relations.

At Ca’ Foscari you will have access to a wide array of high-level educational programmes, in which economic, linguistic, artistic, cultural, and scientific disciplines converge to ensure a unique interdisciplinary educational method. Our graduates have found employment all over the world and they are highly sought-after thanks to their excellent level of preparation and the sheer amount of transferable skills they possess. Their employment rate is well above the national average.

At Ca’ Foscari, you will have the chance to live a full study abroad experience, in which high level academic classes intertwine with cultural, artistic, and sport activities in an exclusive setting: the beautiful city of Venice. Each year, you will be able to attend more than 700 events, which include meetings with Nobel Prize winners, World Leaders, artists, alumni and researchers.

This Welcome Guide will accompany you throughout your stay here in Venice. The Welcome Unit of the International Office will assist your integration into the academic life, by guiding you in both enrolment and bureaucratic procedures (e.g. Stay Permit for non-eu citizens, tax code, etc.). The Housing office will help you find a suitable accommodation.

Additionally, this Welcome Guide will give you information and contacts which will be useful during your first weeks in the city and during your stay in the Venetian lagoon. You are now part of the Ca Foscari community, and we thank you for choosing our University and the city of Venice for your studies. We are always by your side to make your experience here at Ca’ Foscari a truly rewarding and edifying one, for your studies, your research and your personal growth.

Best wishes,

Tiziana Lippiello
Rector of Ca' Foscari University of Venice

First steps in Ca’ Foscari
The main offices of the university’s central administration are located at Palazzo Ca’ Foscari (Dorsoduro 3246 – 30123 Venezia).

**FROM PIAZZALE ROMA OR FROM “VENEZIA SANTA LUCIA” TRAIN STATION**

Ca’ Foscari can be reached on foot in approximately 15 minutes from both “Piazzale Roma” (bus station and car parking terminal) and “Venezia Santa Lucia” train station. By vaporetto (i.e. public boat service), either from the train station or the “Piazzale Roma” stop, take Line 1 or Line 2 and get off at “San Tomà”, which is the closest stop to Ca’ Foscari Palace. Vaporetto schedules and routes can be found on the ACTV website – the Public Transportation Authority of Venice.

For an interactive map of Venice with routes for getting to Ca’ Foscari from “Piazzale Roma” or from “Venice Santa Lucia” train station, please visit www.unive.it/maps

**DISABLED PEOPLE ACCESSIBLE ROUTE TO CA’ FOSCARI**

To arrive at Ca’ Foscari without encountering architectural barriers, take the Line 2 vaporetto or the Line 61 motor-boat (which can accommodate one wheelchair at a time) from the “Ferrovia” stop, the “Piazzale Roma” stop or the “Tronchetto” stop, and get off at the “San Basilio” stop.

From there, take Calle del Vento, cross Campo San Basilio (sign says “San Basegio”) and continue to Fondamenta San Basilio, which turns into Fondamenta San Sebastiano. At the end of Fondamenta San Sebastiano, turn right, taking Fondamenta del Soccorso.

Continue straight to Campo dei Carmini (keeping the Church of the same name on your right). Cross Campo dei Carmini and take Calle de la Scuola to Campo Santa Margherita. Once in Campo Santa Margherita, continue straight on, keeping the open area and the building located in the centre on your left. Head toward Rio Tera’ Canal, which is located in front of you and enter Calle de Mezo de la Vida (on the left side of Rio Tera’ Canal).

At the end, turn left into Calle de la Vida and then immediately turn right onto Calle de la Madonna (passing under the portico of the same name). Follow this calle to Campiello dei Squellini, from there turn left into Calle Foscari.

The entrance to Ca’ Foscari is at the end of Calle Foscari just before Calle Foscari bridge.

The map of the disabled people accessible route can be found by clicking on each building.

NON-EU STUDENTS
If you are planning to stay in Italy for more than 90 days, you have to request a Stay Permit within 8 days after your arrival in Italy. The International Office – Counseling and Welcome Unit will assist you in the application process for the Stay Permit.

The process requires the following steps:

1. Appointment at the International Office – Counseling and Welcome Unit, which will give you guidance for the preparation of the documents and to fill out the related forms (richiesta di rilascio/rinnovo del permesso/ carta di soggiorno per cittadini stranieri).

2. Delivery of the original documents and payment of the fee at the postal office. At the end of the procedure, the postal operator will give you the receipt of the registered mail; keep it, in order to be able to register at the Italian Health Service and at the Registry Office. On the receipt you will find two personal identification codes (user ID and password), which will allow you to check the status of your application by accessing the website www.portaleimmigrazione.it, and to verify on the website of the Immigration Office (Questura) if your Stay Permit is ready to be picked up. Besides getting the receipt, you will be informed of the date of your first appointment at the Immigration Office.

3. Appointment at the Immigration Office for fingerprints and verification of the documents delivered at the same office. At the Police Station you will have to bring:
   - ID photos (on white background, in passport format),
   - Copy of the documents previously delivered in the Kit,
   - Passport (original document) and the receipt of the registered mail.

Please note: the process for the request and release of the Stay Permit will cost about 100 euros in taxes.

HEALTH INSURANCE

EU STUDENTS, SEE STATE STUDENTS (ICELAND, LIECHTENSTEIN AND NORWAY) AND SWITZERLAND
All urgent healthcare for European students, who do not legally transfer their residence to Italy, is covered by the Italian National Health Service thanks to the European Health Insurance Card (EHIC) which is issued by your national health authorities. If you do not have an EHIC card, you should contact the health service in your country prior to your departure. The EHIC card will allow you to have access to the National Health Care services. The overall objective is to guarantee you an adequate assistance throughout your stay in Italy. Please note that the card does not cover payments for private healthcare providers or for planned healthcare.

In case you are planning to move your residence to Italy, registration to the National Health Service can be done at the Health District (ASL – Anagrafe Sanitaria Locale) you belong to.

STUDENTS FROM COUNTRIES WITH BILATERAL AGREEMENTS (AUSTRALIA, BOSNIA HERZEGOVINA, BRAZIL, CROATIA SERBIA, MACEDONIA, MONTENEGRO, PRINCIPALITY OF MONACO, REPUBLIC OF SAN MARINO)
Students from countries with bilateral agreements can benefit from health insurance from the National Health Service, thanks to the specific forms released by the health service institutions of their respective countries. Listed below you find the countries with bilateral agreements and the related healthcare forms to request:

- Australia – Medicare card (valid just for 6 months from the entrance in Italy)
- Brazil - I/B 2 Certificate
- Croatia – 111 Certificate
- Bosnia, Herzegovina, Macedonia, Serbia and Montenegro – OBR7 Certificate
- Principality of Monaco – I/MC 8 Certificate
- Republic of San Marino – I/SMAR 8 Certificate

These Certificates must be delivered to the Health District (ASL – Anagrafe Sanitaria Locale) before you request health care. In turn, the Health District will give you a specific Certificate that can be used anytime you need health care in Italy. These forms do not cover the costs of private health care, but allow you to obtain urgent health services at public health centres during your stay in Italy. If you need planned health care, you must have a specific Certificate released by your country. As an alternative to all certificates previously mentioned, it is possible to subscribe to the regional Health Service following the procedures described on the side.
NON – EUROPEAN STUDENTS
When Applying for a Residency Permit, non-European students will be required to provide proof of health insurance coverage. The health insurance coverage can be obtained:

1. With a private health insurance contract. The private health insurance contract can be released by any insurance agency, both in Italy and abroad, as long as:
   • It is valid in Italy;
   • It covers the duration of your stay in Italy and has its date of release and expiry specified;
   • It indicates the procedures to follow to ask for a reimbursement;
   • It can be legally translated into Italian if the insurance policy has been provided by your country of origin.

2. With a registration to the Regional Health Service. In this case, the student has to go to his/her Health District with:
   • A copy of the residency permit or the residency permit request’s receipt issued by the qualified Post Offices (Post office receipt);
   • Fiscal code;
   • Receipt of the required payment made to the bank account n. 343301 of “Poste italiane S.p.A- C.S.S.N. Regione Veneto”.

The voluntary registration gives the student the right to obtain the same health care as an Italian citizen. It is valid for a calendar year (1st January – 31st December) only in Italy. The payment cannot be divided into instalments.

In Italy, the tax code is a personal document used for the identification of the citizen in his relations with public institutions and administration. The code lists 16 alphanumerical digits (which represent your personal data: surname, name, gender, date and place of birth). It is useful for several economic and tax-related activities, such as:

- Opening a bank account,
- Activating the university card of Ca’ Foscari,
- Signing a rental agreement,
- Buying an Italian SIM card.

If you haven’t arrived in Venice yet, you can contact the nearest Italian Consulate/Embassy. If you are in Venice, you can write an email to immigrationteam@unive.it, you will receive the Tax Code Certificate by email.

**BANK ACCOUNT**

To open a bank account in Italy, it is necessary to go to a bank and ask for information on the costs and procedures for the activation of an account. Each bank varies in costs and procedures. We suggest you to have your Buddy accompany you (who’s a Buddy? See the dedicated section).

Please note: you can also activate your CartaConto and use it as a prepaid card, with IBAN, which may be useful to make international and online transactions.

For further information:
www.unive.it/pag/16409/

All students enrolled at Ca’ Foscari University receive a Carta Conto after enrollment.

The card has different functions:
- It is a personal identity card for the university;
- It gives access to library services and university printers;
- It can be used as a convenient prepaid or charge card (if activated at the bank).

If you entered a non-Italian address the card will be automatically shipped to the Counseling and Welcome Unit office, and you will receive an email with all instructions to pick it up.

PHONE CALLS

PHONE CALLS
In order to call Italy from another country you should dial 0039 before the number. However, if you are calling a foreign country from an Italian phone, remember to dial 00 (international prefix) and the country code of the country you are trying to reach before dialing the rest of the phone number.

MOBILE PHONE
If you have a mobile phone, we suggest that you buy an Italian SIM Card. This will allow you to call Italian numbers and to receive phone calls from your home country with affordable costs. A new Italian SIM card costs about 5-10 Euros. In order to buy a SIM Card you should present a copy of your passport or ID, an Italian address and the tax code (codice fiscale).

GRADES AND CFU

The Italian grading system works on a scale from 18 to 30. 18 is the lowest passing grade (sufficiency). 30L is the highest grade (30 cum laude).

Only if you pass the exam of a course will you obtain the relevant credits. Exams usually give 6 or 12 credits. Only the exams that are specified in the Learning Agreement will then be reported on the Transcript of Records.

In order to choose the courses to take during your mobility, you can use the search course catalogue at the following link: www.unive.it/data/9639/.

To make sure all chosen courses will be approved, you should carefully read through these guidelines: www.unive.it/pag/fileadmin/user_upload/ateneo/internazionale/documenti/destinazione_cafoscari/guidelines_Course_catalogue_Ca_Foscari.pdf.

Please note: if you do not pass an exam, this cannot be registered in the Grade Booklet, nor in the Transcript of Records. Therefore, you will not obtain the equivalent credits.

EUROPEAN CREDIT TRANSFER SYSTEM (ECTS)

The European Credit Transfer System (ECTS) is a system used throughout Europe for transferring university credits. It is based on the clarity and transparency of the students’ plans of study and on the assignment of appropriate credits for work completed. The objective of this system is to guarantee that credits for the courses and exams taken during the period spent abroad are granted according to clear rules, known to students before leaving and based on precise and recognized agreements ruled by mechanisms that are common to all institutions participating in the Programme.

Ca’ Foscari University of Venice - according to European directives regulating the ECTS - has established that 1 CFU = 1 ECTS (Academic Senate, 02/14/2006 session, resolution n. 45).

Additionally, following the ECTS guide (ECTS user’s guide), European universities that participate in the system’s credit transfer are required to use the new process of grade conversion of credits acquired while abroad. This system is based on the distributive percentage of grades according to a department’s individual guidelines. Until the new system is adopted by all university partners, the traditional system, (A, B, C, D, E) will continue to be in use, however, revised by the department.

Venice: an overview
**THE VENETO REGION**
Venice is the capital of the Veneto region. Situated in the north-east of Italy, this area boasts a diverse variety of climates and geography: from the mountainous Dolomites to Garda lake, the sandy beaches of the coast to the mild hills of the mainland. There are six provinces and main cities that are worth visiting and can be reached easily by public transportation: Padua, Treviso, Vicenza, Verona, Belluno and Rovigo.

---

**...WHERE LIONS FLY!**
Built upon the waters of the Venetian lagoon, Venice is made up of 118 small islands connected by 150 canals and more than 400 bridges. The most commonly known part of Venice is the historical center, which is cut into two areas by the Grand Canal. However, the city also encompasses a section of the mainland - which is connected to the islands by a 4 kilometers long bridge and a number of islands within the Venetian lagoon (Murano, Burano, Torcello, Lido...). One of the first things that you will notice upon your arrival is the particular way in which Venetians name their streets. It truly is a world apart.

Generally speaking, Italy is a country that experiences all four seasons: a warm and sunny spring, a hot and humid summer, a mild autumn and a cold and foggy winter. As a matter of fact, if you are spending the entire year in Italy, you need to bring a variety of clothing. Considering that you will walk a lot in Venice; do not forget a pair of comfortable shoes.

"Acqua alta" (high tide) is a phenomenon which generally takes place in wintertime, when the astronomical tide and wind cause a larger inflow of water into the lagoon. Only exceptionally high waters affect the whole town and usually the high tide lasts only a couple of hours. In the case of “Acqua alta”, people are alerted by acoustic signals. The City Council has organised to put up platforms along the main streets to allow passage. Generally, access to most of the town areas is guaranteed. When the high water is higher than 120 cm, the famous rubber boots are needed. Normally high water causes very little inconvenience to people and most of the time it represents an amazing way to discover the city from a peculiar point of view. The Venice City Council posts notifications of high water in advance. You can be notified by SMS if you register on the following website: portale.comune.venezia.it/maree/iscrizione [IT]

hiltide
Is the official app for monitoring the tide in the city of Venice, developed in collaboration with the Tide Forecast Center. The app allows you to monitor the current tide in Venice and provides detailed tide forecasts for the next two days. hiltide tells you whether different places around the city are flooded or not, or if you can walk through them without getting wet.

VENETIAN EATING HABITS

Venetian cuisine combines regional tradition with the general features of a Mediterranean diet. Healthy food is accompanied by the pleasures of eating and cooking. In Venice, as in the rest of Italy, there are three main meals: breakfast, lunch and dinner, with several snacks during the day. However, aperitif may be a new encounter. In Venice, the typical drink for aperitif is the spritz, which is usually served with small appetizers called cicheti, and normally ordered at the little bars in the campo (bacari); it is a special occasion to meet other people and celebrate the end of the day by chatting until late at night.

Eating out is very common on weekends and it is not necessarily expensive. Cafés are normally open the whole day from early morning to late night while restaurants usually open at 11.30 AM and close at 3.30 PM for lunch and then open again at 6.00 PM until 12.30 AM for dinner.

Bars are the place to go for a quick snack, while osterie and trattorie serve traditional cuisine, and pizzerie specialize in pizza and some offer a take-away service. Moreover, in Venice there are a number of ethnic restaurants where you can taste specialties from all over the world.

Although it is not really common to leave tips, they are welcome when you want to show a deep appreciation for the meal or the service. There is no fixed rate, normally it amounts to a few coins or a bit of spare change.

ELECTRICITY

Electricity in Italy is 220V, 50 Hz AC like in the rest of Europe. Plugs are of the European kind, with two or three round pins. Any adapters you may need can be easily purchased at the supermarket or in an electronics shop.
As a university student you can apply for various discount cards which offer concessions for various cultural institutions, cinemas, theatres, etc.

**ESN CARD**
The Esn card is a card that allows you to enter the Erasmus Student Network, by participating in ESN Venice activities. This card gives you access to discounts and facilities throughout many cities and countries in Europe, as well as in the city in which you decided to study — Venice. To buy your card, please contact the local ESN office. The ESN Card is valid for 12 months and must be used with a passport-sized photo.

GLOSSARY OF UNIVERSITY TERMS

ACADEMIC CALENDAR
The academic calendar includes administrative deadlines (enrollment periods, tuition fees payment, request to graduate, etc.), learning deadlines (lesson periods, exam sessions, graduation sessions, etc.) and university closures. For each academic year you can also view just the administrative deadlines.

ACADEMIC YEAR
An academic year (abbreviated a.y. or A.Y.) is the period when university courses are taught and exams may be taken. It usually begins in September and ends in August/September of the following year (yet, for the last exam date of the courses taking place in the 2nd semester, the January/February session of the following academic year should also be considered). Each academic year is divided into two semesters, in their turn divided into two periods. Each period lasts approximately a month and a half (5 weeks of lecture + 1 week of extra/rescheduled lectures). For detailed information on dates and deadlines of the academic year, please see the academic calendar on Ca’ Foscari website.
www.unive.it/pag/20869

ACCESS AND ADMISSION REQUIREMENTS
There are two types of admission to study courses, “limited access” and “free access” courses. The "limited access" courses have a limited number of places: admission is subject to a selection procedure which brings to the inclusion in a ranking. The "free access" courses have no restrictions on available places: registration does not depend on any selection but takes place directly, after evaluating the education background and the requirements for each course of study. Admission requirements include educational or academic qualifications, minimum skills and knowledge that each student must possess in order to enroll and successfully follow a Bachelor's or Master's Degree Course. These requirements, defined and published on the University website, must be checked before enrollment.

6-week innovative teaching workshop for Master’s degree students.

ADDITIONAL LEARNING REQUIREMENTS
Admission to the Degree Programmes is subject to an evaluation of the individual educational background that each student must possess in order to profitably attend the selected programme. In case of a negative result of this evaluation, students will be assigned so-called Additional Learning Requirements (OFA) procedure, which means they must fill any gaps in their
background through specific activities organized by the University. The additional learning requirements do not affect the number of university credits (ECTS) that students need to achieve during their educational programme nor the grade point average. As a matter of fact, testing of the OFAs does not produce any final mark and once the debts are cleared, no university credits are acquired.

**ADMISSION PROCEDURE TO UNIVERSITY COURSES**
Admission to study courses requires the possession of a qualification, which must have certain characteristics, assessed for foreign qualifications by the Orientation and Reception Sector.

**ATTENDANCE**
This term indicates the student’s participation in all of the educational activities required by his/her Degree programme. Attendance may be compulsory, recommended or open. Any compulsory attendance requirements are indicated in the teaching regulations of the relevant Degree Programme.

**BUDDY**
A Buddy is a Ca’ Foscari student who acts as a mentor to an international student, dedicating their free-time to facilitate integration into university life. The Buddy helps the international student arriving in Venice to become familiar with university courses, with the various locations and services the university provides and with city life and its cultural environment. The Buddy can answer all kinds of questions regarding the university (classes, teachers, libraries, holidays, etc.), accommodation (lodging, rent, etc.), the city of Venice (public transports, sports facilities, nightlife, etc.), Italy (travelling, interesting sites, etc.).

**CAF**
A CAF (centre of fiscal assistance) is an office where specialists in fiscal matters support people with some particular administrative/bureaucratic procedures. CAF can support the students with fulfilling the ISEE certification requested for applying to financial aid and benefits (scholarships – ESU housing services).

**CAMPUS**
It is a point of reference for students in the various Departments. Thanks to its Front Office, it helps the students with educational activities (i.e. exam registration).

**CAREER DAY**
Career Days are events entirely dedicated to recruitment, through programs where the students can personally meet company representatives and come into contact with the world of work.
The Ca’ Foscari Career Service organizes meetings with single enterprises, including international enterprises, to give to students the opportunity to learn about their history, corporate values, areas of employment and selection procedures. This encounter also provides students with the occasion to submit their CVs, take part in short information talks or be selected for company assessments depending on the professional profiles being recruited.

CARTACONTO CA’ FOSCARI - UNIVERSITY CARD
All Ca’ Foscari students receive a CartaConto Ca’ Foscari, a Card, which is sent to the address they indicated when registering on www.unive.it and reported in the Personal Area. Be aware that if the given address is not located in Italy, the Card will be sent to Ca’ Foscari main building. The CartaConto allows students to access universities library services and make photocopies. The CartaConto can be active as a free-of-charge debit card (Mastercard) that can be used to make payments in shops or online, pay tuition fees and receive refunds or scholarships from Ca’ Foscari University. Activation can be done online (an Italian SIM card is needed) or in a Crédit Agricole FriulAdria bank.

www.unive.it/welcome

COURSE UNIT
Some courses can be divided into one or more parts, called ‘moduli’. At the end of each module, there is usually an exam session.
CREDITS RECOGNITION
It is possible to enroll in a degree programme and ask for recognition of educational activities previously carried out, such as single courses, language certifications or informatics certification achieved, internships/work experience. Enrollment with credit recognition is not allowed for students currently enrolled in another university programme for which suspension was requested.

DEPARTMENT
Departments play a key role in the university system, as they promote, coordinate and organize the academic (teaching and research) activities of the Degree Programmes for which they are responsible. In Ca’ Foscari there are eight departments: Economics, Philosophy and Cultural Heritage, Management, Environmental Sciences, Informatics and Statistics, Molecular Sciences and Nanosystems, Linguistics and Comparative Cultural Studies, Asian and North African Studies and Humanities.

DOUBLE/JOINT DEGREES
These are degree courses with an integrated study curriculum, including educational activities designed with other international universities as well as mobility periods for students and faculty staff. After the final exam the two or more degrees of the partner Universities are awarded (double or multiple degree), or a jointly conferred degree recognized and validated by all of the Universities involved.

ECTS - EUROPEAN CREDIT TRANSFER AND ACCUMULATION SYSTEM
The ECTS is used across the European Union to set a study attainment and student performance standard and it concerns higher education. ECTS vary throughout European Countries. In Italy ECTS are called CFU (Crediti Formativi Universitari), 1 CFU consists of 25 coursework and workload hours and one academic year corresponds to 60 university credits. To complete successfully a degree course, students are to achieve a certain amount of credits (180 CFU – BA Degree; 120 CFU – MA Degree; 60 CFU – Professional Masters; 60 CFU – PhD). Ca’ Foscari University is compliant with the European directives on ECTS (European Credit Transfer System), recognizing the equivalence 1 CFU = 1 ECTS and adopting an ECTS mark conversion scale based on a statistical distribution mechanism of marks for any single educational area.

EDUCATIONAL ACTIVITY
The educational activities that students must carry out or attend in order to obtain their academic qualification may be of various types: courses (with related exams), seminars, practice
or laboratory activities, individual study and self-learning activities, apprenticeships/internships, reports, project works, degree thesis (with related discussion).

The educational activities required by Ministerial regulations are divided into 6 types and each group of educational activities is awarded a number of university credits (CFUs) within the student’s plan of study:

- basic educational activities, which provide students with basic knowledge;
- core educational activities, that are specific for the Ministerial Degree Code the single Degree Programme is related to;
- interdisciplinary educational activities, to extend students’ education;
- elective activities that can be chosen by students;
- educational activities connected with the final degree exam and with foreign language knowledge;
- other educational activities that may concern further linguistic knowledge, computer knowledge, apprenticeships/ internships in various professional sectors, etc

**EXAM**

For each university exam, students gain a certain number of university credits (in Italian CFU) and a qualitative evaluation (mark awarded on a 30-point scale or any pass/fail exam). The minimum passing mark is 18/30, and 30/30, with honor (cum laude), if any, is the best mark. At the end of each course students must take an exam which aims to assess their preparation and knowledge. In Italy is possible to try taking an exam up to 4 times. If a student fails 4 times, is to attend classes again. In Italy exams can be both written and oral, depending on the subject studied. Written exams can be structured differently, for instance they could include multiple choice questions, open questions or exercises. In some cases exam can consist in two (or more) parts, written and oral. This is true for language exams but also for other subjects. In order to take an exam students should enroll online in the exam through their Personal Area. Before enrolling in the exam, the students are asked to answer to a questionnaire regarding the course. It is possible to enroll in the exam about 10 days before the exam date. When receiving the result of an exam, the student can accept it through their Personal Area. If they are not satisfied with the result, they are allowed to refuse it and try taking the exam again in the next examination period.

**EXAM DATES**

Each university exam can be taken on different dates. Each course includes at least 4 different dates where the related exam can be taken. The dates
of the various exams are grouped in specific times of year, called sessions. The main exam sessions are usually held in January/February, May/June and September. Moreover, for courses taking place in the first period of the 1st and 2nd semesters, exams can also be taken in November and March. For detailed information on exam sessions, please see the academic calendar on the university website.

EXAMINATION
The academic calendar is divided into 2 semesters, which are organized into 2 terms each. Courses may last one period (5 weeks + 1 for extra/rescheduled lessons, which is true for students of Humanities, Economics and Science areas) or one semester (14 weeks, for students of Languages and culture). Different examinations are scheduled during the academic year and each course includes at least 4 different dates in which the related exam can be taken. Students are allowed to take all the exam dates included in this calendar, with the exception of the exams concerning the language of the Bachelor’s and Master’s degree programs of the linguistic area, for which students will be required to choose one of the exam dates available in the exam session. The organization of the examinations depends on the course scheduling (that is the semester or term the course will take place).

To be admitted to the final degree exam you must have completed all your yearly studies or acquired all the credits required by your study plan (including additional credits). In order to submit your Request to Graduate you must not have more than 24 outstanding credits (excluding credits for the final exam and for internships/traineeships) unless you intend to graduate in the summer session: students graduating in the summer session must take the outstanding exams on the first exam date in that session.

Another important appointment is the first-year student welcome meetings, which take place at the beginning of each academic year, in order to introduce students enrolling in the first year of a Degree Programme to the new environment, give them the chance to talk to the contact professors of the various Degree Programmes and illustrate the university services. The Service also participates in important guidance exhibitions and organizes Open Days, where the various educational areas of Ca’ Foscari are illustrated through faculty speeches and visit to the campuses. The Housing Office matches the needs and preferences of the applicants with the accommodation available. It may also help you look for a temporary lodging and provide useful information about Venice accommodation. www.unive.it/housing
