COUNSELin(G)ternational

In order to create an international and multicultural university community, COUNSELin(G)ternational offers to international students enrolled in a degree course at Ca' Foscari, a service that provides advices and ongoing guidance, both informative and academic. It also aims to be a place where students can share their doubts, questions and opinions.

In particular, thanks to the Counselors' service, you can have a point of reference to fully enjoy university life in Venice and take part in various initiatives, projects and activities promoted by Ca' Foscari University.

The Counselors promote effective communication and integration of the international students within the university community, providing support and assistance to them and facilitating their dialogue and cooperation with the teaching staff and the University structures (the Departments, the Central Administration and the Campuses' referees), in Italian and/or English.

The Counselors Martina and Sandra can help you with:

- **INFORMATION, TUTORING and GUIDANCE** related to administrative and academic procedures;
- **SUPPORT IN THE RELATIONSHIPS WITH THE UNIVERSITY AND THE TEACHING STAFF:** support with bureaucratic and administrative procedures, acting as an interface with the university administration, the secretariats and the teaching staff;
- **COUNSELORS' DESK:** a place where you can talk about your academic- or administrative- related difficulties and report any critical situations;
- **FOCUS GROUPS:** regular meetings with international students.
