Shylock Centro Universitario Teatrale di Venezia (the 'organizers'), announces the international contest of communication and creativity for published and unpublished works "*CLIMATE CHANGE – The grand challenge*" 2018 – *Climate CHANCE*.

The organizers invite the production and indication of works that highlight propositional methods and opportunities for interaction with the environment and the effects induced by climate change.

The competition, referring to the final summary of the IPCC's Fifth Assessment Report (AR5) 2014, the Paris Agreement adopted at the United Nations Climate Change Conference in Paris in December 2015 and in New York in April 2016, focuses on adaptation and mitigation strategies and the actions needed to urgently pursue the aims set by the international community.

Art. 2 PARTICIPATION SECTIONS

SECTION 1 Nomination of unpublished works and projects.

SECTION 2 Indication of published or public works and projects by authors, publishers or third parties (individuals or corporations, connected or not connected to the works).

The rights to use and publish the works, in case of selection, must be transferrable free of charge and in non-exclusive form to the organizers and/or the chosen publishers.

Works as at section 2, whose rights have already been granted exclusively to third parties, can be nominated for recognition by the jury. The status of the granting of rights for the indications made by parties not connected to the works will be checked by the organizers.

The author and/or nominator can take part in both sections and with multiple works for each section.
