**CONTRIBUTION
MASTER IN SCIENCE AND MANAGEMENT OF CLIMATE CHANGE -
A.Y. 2022/23**

CMCC Foundation is offering in favor of a Ukrainian student a contribution of € 10,000 to cover a scholarship which also includes holding the internship (250 hours) at the Venice office of CMCC Foundation.

The Master in Science and Management of Climate Change will also offer in favor of the student beneficiary of the CMCC grant, a contribution of € 6,000 to cover the total cost of participation in the Master of Science and Management of Climate Change - A.A. 2022/23.

Applicants must meet the following requirements:

- not be in receipt of other funding (of a public and/or private nature) to support participation in the Master of Science and Management of Climate Change - A.Y. 2022/23.

Prerequisites:

- to have duly submitted an application for admission to the Master in Science and Management of Climate Change - A.Y. 2022/23 according to the procedures in art. 3 of the University's Single Announcement within the deadline indicated in the Annex Presentation;
- be in possession of the minimum entry requirements (Master's degree).

The evaluation committee will assess the applications received according to the criteria specified below. The criteria for awarding points will be assessed by the committee during the Master's selection interview, after the closing date for applications.

The final ranking list will be published on the Master's website, after the evaluation of the applications.

The CMCC Foundation grant will be granted directly to the student in two tranches:

- Euro 4,000 by September 15, 2022;
- Euro 6,000 by June 30, 2022.

The contribution offered by the Master's program will be granted in the form of total exemption from the payment of enrolment fees.

The start and duration of the contribution will be related to the period of the Master's course.

The student judged worthy of the allocation of the contribution must undertake to sustain the period of internship at the Venice office of CMCC Foundation.
