4. Japanese Language Requirement

One year (or more) of learning experience is a MUST.

Learning experience means learning Japanese in a classroom setting.

5. JASSO / Kokugakuin Scholarship

Although we make every effort yearly to obtain the JASSO scholarship, a JPY 80,000 / month scholarship provided by the government, the chance of it being granted to our program is slim. Therefore, to offset this, we offer rent-free dorm rooms with meals (worth JPY 60,000-70,000 / month) and a Kokugakuin Scholarship of JPY 20,000 per month with very few conditions. Please let students know that although we offer this scholarship to help reduce the financial burden that comes with living in Tokyo, it cannot be considered their primary financial resource. They MUST obtain private funding in accordance with their lifestyle plans.
