

The Young Investigators' Seminar on Analytical Chemistry, YISAC, started in 1994. The idea was created by dr. Božidar Ogorevc (National Institute of Chemistry, Ljubljana, Slovenia) and prof. dr Kurt Kalcher (Karl-Franzens University of Graz, Graz, Austria) to put one more facet into the wide landscape of existing international conferences, but dedicated primarily to young scientists. Until now the event was organized in:

**-Ljubljana (SLO), 17-18/02/1994: YISAC'94**

together with: National Institute of Chemistry, Ljubljana (SLO) and University of Ljubljana (SLO).

**-Graz (A), 02-05/07/1995: 2nd YISAC'95**

together with: National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO) and Institute Jozef Stefan Ljubljana (SLO).

**-Ljubljana (SLO), 03-06/07/1996: 3rd YISAC'96**

together with: National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO) and Institute Jozef Stefan, Ljubljana (SLO).

**-Graz (A), 06-09/07/1997: 4th YISAC'97**

together with: National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), Institute Jozef Stefan, Ljubljana (SLO), University of Venice (I) and Techn. Universität Graz (A).

**-Ljubljana (SLO), 01-04/07/1998: 5th YISAC'98**

together with: National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), Institute Jozef Stefan, Ljubljana (SLO), University of Venice (I) and Techn. Universität Graz (A).

**-Venice (I), 07-10/07/1999: 6th YISAC'99**

together with: National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), Institute Jozef Stefan, Ljubljana (SLO), University of Venice (I), University of Ferrara (I), University of Pardubice (CZ) and Technische Universität Graz (A).

**-Graz (A), 02-04/07/2000: 7th YISAC2000**

together with: National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), Institute Jozef Stefan, Ljubljana (SLO), University of Venice (I), University of Pardubice (CZ), University of Bratislava (SK) and Technische Universität Graz (A).

**-Pardubice (CZ), 02-05/07/2001: 8th YISAC'01**

together with: National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Pardubice (CZ) and Technische Universität Graz (A).

**-Ljubljana (SLO), 26-29/06/2002: 9th YISAC'02**

together with: National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Pardubice (CZ), University of Bratislava (SK), University of Venice (I) and Technische Universität Graz (A).

**-Venice (I), 03-06/06/2003: 10th YISAC'03**

together with: National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Pardubice (CZ), University of Venice (I), University of Bratislava (SK), Technische Universität Graz (A), University of Mining and Metallurgy, Krakow (PL) and University of Sarajevo (BiH).

**-Graz (A), 30/06-03/07/2004: 11th YISAC'04**

together with: National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Pardubice (CZ), University of Venice (I), University of Bratislava (SK), Technische Universität Graz (A), University of Mining and Metallurgy, Krakow (PL), University of Sarajevo (BiH) and University of Zagreb (HR).

**-Sarajevo (BiH), 05-10/07/2005: 12th YISAC'05**

together with: University of Sarajevo (BiH), National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Pardubice (CZ), University of Venice (I), University of Bratislava (SK), Technische Universität Graz (A), University of Mining and Metallurgy, Krakow (PL) and University of Zagreb (HR).

**-Zagreb (HR), 05-08/07/2006: 13th YISAC'06**

together with: University of Zagreb (HR), National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Pardubice (CZ), University of Venice (I), University of Bratislava (SK), Technische Universität Graz (A), University of Mining and Metallurgy, Krakow (PL) and University of Sarajevo (BiH).

**-Pardubice (CZ), 25-29/06/2007 14th YISAC'07**

together with: University of Pardubice (CZ), National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Pardubice (CZ), University of Venice (I), University of Bratislava (SK), Technische Universität Graz (A), University of Mining and Metallurgy, Krakow (PL) and University of Sarajevo (BiH).

**-Ljubljana (SLO), 02-05/07/2008: 15th YISAC'08**

together with: University of Pardubice (CZ), National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Pardubice (CZ), University of Bratislava (SK), Technische Universität Graz (A) and University of Mining and Metallurgy, Krakow (PL).

**-Graz (A), 29/06-02/07/2009: 16th YISAC'09**

together with: University of Pardubice (CZ), National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Pardubice (CZ), University of Venice (I), University of Trnava (SK), Technische Universität Graz (A), University of Mining and Metallurgy, Krakow (PL), University of Zagreb (HR), University of Nova Gorica (SLO), University of Novi Sad (RS) and University of Pristina (Kosovo).

**-Venice (I), 30/06-03/07/2010: 17th YISAC'10**

together with: University of Pardubice (CZ), National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Pardubice (CZ), University of Venice (I), University of Trnava (SK), Technische Universität Graz (A), University of Mining and Metallurgy, Krakow (PL), University of Zagreb (HR), University of Nova Gorica (SLO), University of Novi Sad (RS) and University of Pristina (Kosovo).

**-Novi Sad (RS), 30/06-03/07/2011: 18th YISAC'11**

together with: University of Pardubice (CZ), National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Venice (I), University of Trnava (SK), Technische Universität Graz (A), University of Mining and Metallurgy, Krakow (PL), University of Zagreb (HR), University of Nova Gorica (SLO), University of Novi Sad (RS), University of Pristina (Kosovo) and University of Sarajevo (BiH).

**-Nova Gorica (SLO), 27-30/06/2012: 19th YISAC'12**

together with: University of Nova Gorica (SLO), National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Pardubice (CZ), University of Venice (I), University of Trnava (SK), Technische Universität Graz (A), University of Mining and Metallurgy, Krakow (PL), University of Zagreb (HR), University of Novi Sad (RS), University of Pristina (Kosovo) and University of Sarajevo (BiH).

**-Maribor (SLO), 26-29/06/2013: 20th YISAC'13**

together with: University of Maribor (SLO), University of Nova Gorica (SLO), National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Pardubice (CZ), University of Venice (I), University of Trnava (SK), Technische Universität Graz (A), University of Mining and Metallurgy, Krakow (PL), University of Zagreb (HR), University of Novi Sad (RS) and University of Pristina (Kosovo).

**-Pardubice (CZ), 25-28/06/2014: 21th YISAC'14**

together with: University of Pardubice (CZ), University of Maribor (SLO), University of Nova Gorica (SLO), National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Venice (I), University of Trnava (SK), Technische Universität Graz (A), University of Mining and Metallurgy, Krakow (PL), University of Novi Sad (RS) and University of Pristina (Kosovo).

**-Lodz (PL), 30/06-04/07/2015: 22nd YISAC'15**

together with: University of Lodz (PL), University of Pardubice (CZ), University of Maribor (SLO), University of Nova Gorica (SLO), National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Trnava (SK), Technische Universität Graz (A), University of Mining and Metallurgy, Krakow (PL), University of Novi Sad (RS) and University of Pristina (Kosovo).

**-Novi Sad (RS), 28/06-01/07/2016: 23nd YISAC'16**

together with: University of Novi Sad (RS), University of Pardubice (CZ), University of Maribor (SLO), University of Nova Gorica (SLO), National Institute of Chemistry, Ljubljana (SLO), University of Ljubljana (SLO), University of Mining and Metallurgy, Krakow (PL), University of Venice (I), University of Zagreb (HR) and University of Lodz (PL).
