Lectures and teachers 2020

Paul T. Anastas

Teresa and H. John Heinz III Professor in the Practice of Chemistry for the Environment

Lecture title: The Periodic Table of the Elements of Green and Sustainable Chemistry

Profile

Professor Paul T. Anastas holds the Teresa and H. John Heinz III Chair in Chemistry for the Environment and is appointed jointly with the Yale School of Public Health and with secondary appointments at Department of Chemistry, School of Engineering and Applied Sciences, School of Management. He also serves as the founding Director of the Yale Center for Green Chemistry and Green Engineering. Paul Anastas has co-founded four companies (P2 Science, Catalytic Innovation, Inkemia Green Chemicals, Sustainability A to Z) and serves as science advisor to several venture capital and private equity investment firms. Paul Anastas has served in the Clinton, Bush, and Obama Administrations including most recently as the Senate-confirmed Assistant Administrator for Research and Development at the U.S. Environmental Protection Agency. His research focuses on molecular design, chemical synthesis, catalysis, and bio-feedstocks and transformations. He has published thirteen books and has been recognized internationally with three Honorary Doctorates and numerous awards including the King Carl XVI Gustaf Professorship, Heinz Award, the Rachel Carson Prize, the E.O. Wilson Award, and the John Jeyes Medal.
