A/V LIVE STREAMING AND VIDEOCONFERENCING

Videoconferencing can be activated from the control panel, and only in the presence of our technical staff. Only from the control panel can a

videoconference be activated, allowing remote speakers to present their slides and interact optimally with the people in the room.

- PTZ room camera positioned on a tripod. Zoom and various framing options.
- Control panel (can be used with technical staff only) can manage multiple PCs simultaneously and control the camera
- Manual video mixer for live streaming management while recording
- A/V Live streaming (must be requested emailing ASIT; costs borne by the applicant):
- H.264 recording and streaming A/V media processor (supports up to 1920x1080, and video 720p, 1080p)

LIVE STREAMING

The auditorium's multimedia system is set up for live A/V HD streaming to YouTube via streaming media encoder (AVCHD format with MPEG4 AVC/H.264 compression). The maximum resolution is 720P (same as the cameras).

The University's Multimedia Unit staff and the affiliated technical staff are the only ones authorised to operate the encoder to start and end the live stream. Live streaming cannot be managed autonomously.

Please note: to live stream from the Auditorium, you must also file a

request for approval to the University Communication and Institutional Promotion Office
