Dear Student,

Welcome to Ca’ Foscari and welcome to the city of Venice. You have decided to be part of one of the best universities in Europe. Founded in 1868, Ca’ Foscari has always stayed faithful to its original mission of promoting research and education world-wide, and today is well-known both for the excellence of the latter and for its network of international relations.

At Ca’ Foscari you will have access to a wide array of high-level educational programmes in which economic, linguistic, artistic, cultural, and scientific disciplines converge to ensure you a unique inter-disciplinary educational method. Ca’ Foscari’s high calibre is constantly validated by the remarkable results it has achieved and by the growing demand for Ca’ Foscari graduates in different professional fields both at a national and international level in Europe, in North and South America, and increasingly in Asia.

At Ca’ Foscari you will have the chance to live your study abroad experience to the fullest through high level academic classes that intertwine with cultural, artistic, and athletic activities in an exclusive setting: the Venetian one. You will have a selection of more than 700 year-long events, which will include Nobel prize winners, world leaders, artists, alumni and researchers.

The Welcome Guide will accompany you throughout your stay here in Venice. The Welcome Unit of the International Office will assist you in the process of integration into the academic environment by giving you guidance both with the enrolment and bureaucratic procedures (e.g. Stay Permit for non-EU citizens, Fiscal Code, etc.). The Housing Office will help you find accommodation. Additionally, the Guide will give you information and contacts which will be useful during your first weeks in the city and during your stay in the Venetian Lagoon. You are now part of Ca Foscari’s community, and we thank you for choosing our University and the city of Venice to continue your studies. We will always be by your side to make sure that your experience here at Ca’ Foscari will be rewarding for your studies, for your research, and for your personal growth.

Best regards,

**FROM PIAZZALE ROMA OR FROM “VENEZIA SANTA LUCIA” TRAIN STATION**

Ca’ Foscari can be reached on foot in approximately 15 minutes from both “Piazzale Roma” (bus station and car parking terminal) and “Venezia Santa Lucia” train station. By vaporetto (i.e. public boat service), either from the train station or the “Piazzale Roma” stop, take Line 1 or Line 2 and get off at “San Tomà”, which is the closest stop to Ca’ Foscari Palace. Vaporetto schedules and routes can be found on the ACTV website – the Public Transportation Authority of Venice.

For an interactive map of Venice with routes for getting to Ca’ Foscari from “Piazzale Roma” or from “Venice Santa Lucia” train station, please visit www.unive.it/maps

**DISABLED PEOPLE ACCESSIBLE ROUTE TO CA’ FOSCARI**

To arrive at Ca’ Foscari without encountering architectural barriers, take the Line 2 vaporetto or the Line 61 motor-boat (which can accommodate one wheelchair at a time) from the “Ferrovia” stop, the “Piazzale Roma” stop or the “Tronchetto” stop, and get off at the “San Basilio” stop.

From there, take Calle del Vento, cross Campo San Basilio (sign says “San Basegio”) and continue to Fondamenta San Basilio, which turns into Fondamenta San Sebastiano. At the end of Fondamenta San Sebastiano, turn right, taking Fondamenta del Soccorso. Continue straight to Campo dei Carmini (keeping the Church of the same name on your right). Cross Campo dei Carmini and take Calle de la Scuola to Campo Santa Margherita. Once in Campo Santa Margherita, continue straight on, keeping the open area and the building located in the centre on your left. Head toward Rio Tera’ Canal, which is located in front of you and enter Calle de Mezo de la Vida (on the left side of Rio Tera’ Canal).

At the end, turn left onto Calle de la Vida and then immediately turn right onto Calle de la Madonna (passing under the portico of the same name). Follow this calle to Campiello dei Squellini, from there turn left onto Calle Foscari.

The entrance to Ca’ Foscari is at the end of Calle Foscari.

The map of the disabled people accessible route can be found by clicking on each building.

NON-EU STUDENTS
If you are planning to stay in Italy for more than 90 days, you have to request a Stay Permit within 8 days after your arrival in Italy. The International Office – Counseling and Welcome Unit will assist you in the application process for the Stay Permit.

The process requires the following steps:

1. Appointment at the International Office – Counseling and Welcome Unit which will give you guidance for the preparation of the documents and to fill out the related forms (Richiesta di rilascio/rinnovo del permesso/carta di soggiorno per cittadini stranieri).

2. Delivery of the original documents and payment of the fee at the postal office. At the end of the procedure, the postal operator will give you the receipt of the registered mail; keep it, in order to be able to register at the Italian Health Service and at the Civil Registry. On the receipt you will find two personal identification codes (user ID and password), which will allow you to check the status of your application by accessing the website www.portaleimmigrazione.it, and to verify on the website of the Immigration Office (Questura) if your Stay Permit is ready to be picked up.

Besides getting the receipt, you will be informed of the date of your first appointment at the Immigration Office

3. Appointment at the Immigration Office (Questura) for the verification of the documents delivered at the Post office. At the Immigration Office you will have to bring:
   • ID photos (on white background, in passport format);
   • Copy of the documents previously delivered in the Kit;
   • Passport (original document) and the receipt of the registered mail.

EU STUDENTS, SEE STATE STUDENTS (ICELAND, LIECHTENSTEIN AND NORWAY) AND SWITZERLAND

All urgent healthcare for European students, who do not legally transfer their residence to Italy, is covered by the Italian National Health Service thanks to the European Health Insurance Card (EHIC) which is issued by your national health authorities. If you do not have an EHIC card, you should contact the health service in your country prior to your departure. The EHIC card will allow you to have access to the National Health Care services. The overall objective is to guarantee you adequate assistance throughout your stay in Italy. Please note that the card does not cover payments for private healthcare providers or for planned healthcare. In case you are planning to move your residence to Italy, registration to the National Health Service can be done at the Health District (ASL – Anagrafe Sanitaria Locale) you belong to.

STUDENTS FROM COUNTRIES WITH BILATERAL AGREEMENTS (AUSTRALIA, BOSNIA HERZEGOVINA, BRAZIL, CROATIA SERBIA, MACEDONIA, MONTENEGRO, PRINCIPALITY OF MONACO, REPUBLIC OF SAN MARINO)

Students from countries with bilateral agreements can benefit from health insurance from the National Health Service, thanks to the specific forms released by the health service institutions of their respective countries. Listed below you find the countries with bilateral agreements and the related healthcare forms to request:

- Australia – Medicare card (valid just for 6 months from the entrance in Italy)
- Brazil - I/B 2 Certificate
- Croatia – 111 Certificate
- Bosnia, Herzegovina, Macedonia, Serbia and Montenegro – OBR7 Certificate
- Principality of Monaco – I/MC 8 Certificate
- Republic of San Marino – I/SMAR 8 Certificate

These Certificates must be delivered to the Health District (ASL – Anagrafe Sanitaria Locale) before you request health care. In turn, the Health District will give you a specific Certificate that can be used anytime you need health care in Italy. These forms do not cover the costs of private health care, but allow you to obtain urgent health services at public health centres during your stay in Italy. If you need planned health care, you must have a specific Certificate released by your country. As an alternative to all certificates previously mentioned, it is possible to subscribe to the regional Health Service following the procedures described on the side.

NON – EUROPEAN STUDENTS

When Applying for a Residency Permit, non-European students will be required to provide proof of health insurance coverage. The health insurance coverage can be obtained:

1. With a private health insurance contract. The private health insurance contract can be released by any insurance agency, both in Italy and abroad, as long as:
   • It is valid in Italy;
   • It covers the duration of your stay in Italy and has its date of release and expiry specified;
   • It indicates the procedures to follow to ask for a reimbursement;
   • It can be legally translated into Italian or English language if the insurance policy has been provided by your country of origin.

2. With a registration to the Regional Health Service. In this case the student has to go to the closest Health District (ASL – Anagrafe Sanitaria Locale):
   • A copy of the residence permit or the receipt for your residence permit request issued by the Post Offices (Post office receipt);
   • Fiscal code;
   • Receipt of the required payment made to the bank account n. 343301 of “Poste italiane S.p.A- C.S.S.N. Regione Veneto”.

The registration gives you the right to obtain the same health care as an Italian citizen. It is valid for a calendar year (1st January – 31st December), only in Italy. The payment cannot be divided into instalments.

Do not forget to bring with you:
- Your ID or passport;
- The EHIC card or the Form that the Health district has given you (for students from countries with bilateral agreements) or a valid Health insurance, or the Health insurance card if you are registered at the Regional Health System.

Please remember that you can go to the Emergency Department even if you do not have a health insurance.

**IN CASE OF EMERGENCY, DIAL THE TOLL-FREE NUMBER 118.**

**PHARMACIES AND MEDICINES**

Generally, pharmacies have the same opening hours as the other stores in the city centre; however, there are a few 24 hour pharmacies open in case of emergency. If you are undergoing a special treatment, remember to check the availability of your medicine and to bring your prescription with you to the pharmacy.

For a list of pharmacies in Venice, please check the following website: [www.ulss12.ve.it/farmacie.aspx](http://www.ulss12.ve.it/farmacie.aspx)

**FISCAL CODE**

In Italy, the fiscal code is a personal document used for the identification of the citizen in his relations with the public institutions and administration. The code lists 16 alphanumerical digits (which represent your personal data: surname, name, gender, date and place of birth). It is useful for several economic and tax-related activities, such as:
- Opening a bank account,
- Activating the university card of Ca’ Foscari,
- Signing a rental agreement,
- Buying an Italian SIM card.

You will find your fiscal code inside the Welcome Kit that you can pick up at the Welcome Unit. In case you need it in advance, before arriving in Venice, please send us an email or request it at the Italian diplomatic authorities in your country.

**HOUSING OFFICE**

The Housing Office service is intended for students, researchers, professors and international academic staff, that arrive in Venice to study or work in Ca’ Foscari. The Housing Office helps international students search for a suitable and affordable accommodation in either one of Ca’ Foscari’s student residences, or in flats and hotels holding agreements with Ca’ Foscari University. The Housing Office acts as an intermediary by matching your needs and preferences with the available accommodations. The office may also help you look for transitional lodging, while waiting for a more suitable accommodation in Venice.

**BANK ACCOUNT**

To open a bank account in Italy, it is necessary to go to a bank and ask for information on the costs and procedures for the activation of an account. Each bank varies in costs and procedures. We suggest you have your Buddy accompany you (who’s a Buddy? See the dedicated section).

Please note: you can also activate your CartaConto and use it as a prepaid card, with IBAN, which may be useful to make international and online transactions.

For further information: www.unive.it/pag/16409/

**CARTA CONTO (STUDENT CARD)**

All students enrolled at Ca’ Foscari University receive a Carta Conto after enrollment.

The card has different functions:
- It is a personal identity card for the university;
- It gives access to library services and university printers;
- It can be used as a convenient pre-paid or charge card (if activated at the bank).

You will find your CartaConto inside the Welcome Kit or you will be contacted by the Counseling and Welcome Unit to pick it up.

**TELEPHONE CALLS**

**PHONE CALLS**

In order to call Italy from another country you should dial 0039 before the number. However, if you are calling a foreign country from an Italian phone, remember to dial 00 (international prefix) and the country code of the country you are trying to reach before dialing the rest of the phone number.

**MOBILE PHONE**

If you have a mobile phone, we suggest that you buy an Italian SIM Card. This will allow you to call Italian numbers and to receive phone calls from your home country with affordable costs. A new Italian SIM card costs about 5-10 Euros. In order to buy a SIM Card you should present a copy of your passport or ID, an Italian address and the fiscal code (codice fiscale).

**PRE-PAIRED CARDS**

Prepaid cards are the cheapest tool to call abroad if you do not have a mobile phone. You can purchase them in any tobacco shop (small stores around the city that sell postage stamps, phone cards, etc.), newsagents, or phone-shops. There are different kinds of cards according to the country you wish to call. Please note: Pre-paid cards can be used for a determined period (days, weeks or months).

**GRADES AND STUDY PLAN**

The Italian grading system works on a scale from 18 to 30. 18 is the lowest passing grade (sufficiency). 30 is the highest grade. In case of particularly outstanding exams, the professor can assign the so-called “lode” and the grade is registered as 30 cum laude (30L online). Only if you pass the exam of a course, will you obtain the relevant credits (CFU - Crediti Formativi Universitari). Exams usually give 6 or 12 credits. The list of courses and educational activities in the academic course of study of a student form the so-called “Study Plan”. Every year students must complete their Study Plan online, in their Personal Area.

Please Note: you can only register to exams included in your Study Plan.

THE VENETO REGION
Venice is the capital of the Veneto region. Situated in the north-east of Italy, this area boasts a diverse variety of climates and geography: from the mountainous Dolomites to Garda lake, the sandy beaches of the coast to the mild hills of the mainland. There are six provinces and main cities that are worth visiting and can be reached easily by public transportation: Padua, Treviso, Vicenza, Verona, Belluno and Rovigo.

WHERE LIONS FLY!
Built upon the waters of the Venetian lagoon, Venice is made up of 118 small islands connected by 150 canals and more than 400 bridges. The most commonly-known part of Venice is the historical centre, which is cut into two areas by the Grand Canal. However, the city also encompasses a section of the mainland - which is connected to the islands by a 4 kilometre long bridge and a number of islands within the Venetian lagoon (Murano, Burano, Torcello, Lido...). One of the first things that you will notice upon your arrival is the particular way in which Venetians name their streets. It truly is a world apart.

Generally speaking, Italy is a country that experiences all four seasons: a warm and sunny spring, a hot and humid summer, a mild autumn and a cold and foggy winter. As a matter of fact, if you are spending the entire year in Italy, you need to bring a variety of clothing. Considering that you will walk a lot in Venice; do not forget a pair of comfortable shoes.

“Acqua alta” (high tide) is a phenomenon which generally takes place in wintertime, when the astronomical tide and wind cause a larger inflow of water into the lagoon. Only exceptionally high waters affect the whole town and usually the high tide lasts only a couple of hours. In the case of “Acqua alta”, people are alerted by acoustic signals. The City Council has organised to put up platforms along the main streets to allow passage. Generally, access to most of the town areas is guaranteed. When the high water is higher than 120 cm, the famous rubber boots are needed. Normally high water causes very little inconvenience to people and most of the time it represents an amazing way to discover the city from a peculiar point of view. The Venice City Council posts notifications of high water in advance. You can be notified by SMS if you register on the following website: portale.comune.venezia.it/maree/iscrizione [IT]

**hi!tide**

**Venetian eating habits**

Venetian cuisine combines regional tradition with the general features of a Mediterranean diet. Healthy food is accompanied by the pleasures of eating and cooking. In Venice, as in the rest of Italy, there are three main meals: breakfast, lunch and dinner, with several snacks during the day. However, aperitif may be a new encounter. In Venice, the typical drink for aperitif is the spritz, which is usually served with small appetizers called cicchetti, and normally ordered at the little bars in the campo (bacari); it is a special occasion to meet other people and celebrate the end of the day by chatting until late at night.

Eating out is very common on weekends and it is not necessarily expensive. Cafés are normally open the whole day from early morning to late night while restaurants usually open at 11.30 AM and close at 3.30 PM for lunch and then open again at 6.00 PM until 12.30 AM for dinner. Bars are the place to go for a quick snack, while osterie and trattorie serve traditional cuisine, and pizzerie specialize in pizza and some offer a take-away service. Moreover, in Venice there are a number of ethnic restaurants where you can taste specialties from all over the world. Although it is not really common to leave tips, they are welcome when you want to show a deep appreciation for the meal or the service. There is no fixed rate, normally it amounts to a few coins or a bit of spare change.

**Electricity**

Electricity in Italy is 220V, 50 Hz AC like the in rest of Europe. Plugs are of the European kind, with two or three round pins. Any adapters you may need can be easily purchased at the supermarket or in an electronics shop.

Glossary of University Terms

Academic Titles and Final Qualifications
A First Cycle Degree confers the title of “Dottore”; a Second Cycle Degree that of “Dottore Magistrale”; the Research Doctorate that of “Dottore di ricerca”.

Academic Year
The Academic Year usually begins in September and ends in August/September of the following year. Each academic year is divided into two semesters, which are organised into two terms each. The duration of each term is approximately one month and a half (5 weeks of lecture plus 1 week of extra/rescheduled lectures).

Active Learning Lab (ALL)
A 6 weeks innovative workshop dedicated to Master’s Degree students.

Attendance
Students’ participation is required for all of the educational activities required by his/her Degree Programme. Attendance may be compulsory, recommended or open. Any compulsory attendance requirements are indicated in the teaching regulations of the relevant Degree Programme.

Campus
It is a point of reference for students in the various Departments. Thanks to the Front Office it helps students with educational activities (i.e. exam registration).

Course Catalogue
The course catalogue is available at www.unive.it/data/9639. Students can select the course according to period, location and language.

Course Unit
All courses can be divided into one or more parts, called “moduli”. At the end of a module there is usually an exam session.

Degree Programmes with Limited Placement
A side from the programmes offered at Ca’ Foscari in which all students can enrol, there are a several degree programmes that require an entrance exam. After the exam, students are selected and the results are then published. In order for a student to be considered for a degree programme with limited spots, they must pre-register online for the entrance exam, as well as pay an exam fee before taking the test.

Glossary of University Terms

Double/Joint Degrees
Educational Programmes which provide an integrated study curriculum established in conjunction with other international Universities and mobility periods for students and teaching staff. After the final examination students achieve two or more academic qualifications issued by the partner Universities (Double or Multiple Degree), or a jointly conferred qualification recognized and validated by all of the partner Universities (Joint Degree).

Exam
For every exam passed, students are awarded a certain number of credits according to the courses followed and quantitative evaluation. The exam may be written or oral, or both. The minimum passing mark is 18/30 while 30/30 is the highest, with the possibility of honours (30 e lode).

Exam Dates
Each course includes 4 different dates in which the related exam can be taken. The dates of the various exams are grouped into sessions which are organized during specific times of the academic year. It is possible to apply for all the dates, apart from language exams of language degree programs, bachelor or master, where the student must choose one of the two dates.

Final Degree Exam
At the end of a Degree Programme, the preparation of a thesis and a viva voce examination, under a supervisor with possible co-supervisors, is usually required. The final mark can range from a minimum of 66/110 to a maximum of 110/110, with possible honours. Contents and procedures for the final degree exam have been established by the Teaching Committee of each Degree Programme.

Grade Booklet
Contains all verbalized grades from the exams taken by the student. Students can also see their grades inside their Personal Area.

Matriculation Number
A number that identifies each student and that is given when he/she enrols at the university. It is required for a number of services such as taking exams, borrowing library books, etc. It also represents the student’s username to access the Personal Area of the university website.

Ministerial Degree Codes
All degree programmes with common educational objectives and teaching/learning activities are organized in groups (classi di laurea). Degree programmes may be given different names by the different universities, but if they have the same ministerial...
degree code it means that the learning outcomes and teaching/learning activities are the same. Therefore, degree programmes with the same code lead to the same qualifications with the same official value. MINOR Didactic course for Bachelor’s Degree programs, composed of three courses each of 6 credits, to be chosen by the students from all courses.

OFFICE HOURS
Every professor is required to provide his or her students a support service in regard to their respective teaching material. Office hours take place at a specific time and place, indicated by the professor. This information can be found on a professor’s web page.

PERSONAL AREA
Every student at Ca’ Foscari has a virtual personal area, available through the University website. You can access your personal area with your matriculation number and password, given to you upon your registration. Within your area, you can register for exams, organize your plan of study, grades, and your class ranking.

PLAN OF STUDY
It is the list of all university courses that the student has taken or intends to take in their academic career. It also specifies the courses needed to complete a degree. The student can fill it out online.

QUALIFYING EXAM
There are certain qualifications that may be requested during matriculation or throughout a student’s academic career, which are required for the initiation or completion of a student’s programme of study. There are linguistic and technical qualification exams that can be avoided through the completion of certain university courses, a relative exam at the University Language Centre (CLA), or by an official certification already obtained by the student. Exemption from a qualifying exam occurs with the achievement of the corresponding credits (CFU).

SEMESTER
One of the two parts into which an academic year is divided. The first semester starts in September and ends in January, while the second starts in February and ends in June. Each semester is divided into two parts called terms (periodi).

SUPPLEMENTARY EDUCATIONAL DEBT (OFA)
Admission to a Degree Programme is given after a specific set of requirements are met: each degree course requires the proper knowledge for registration and successful class attendance. An evaluation of the individual educational background of each student is needed to see if they are qualified to enter the selected programme. If the evaluation is deemed negative, students are subject to the so-called Supplementary Educational Debts (OFA), which means that they must fill the requirements they are missing by participating in specific activities organised by the University.

TUTOR SERVICE
The Tutor Service is offered to all students during the entirety of their student career in order to help them adapt to and navigate university life. Tutors have different responsibilities, such as general information and other more specialized areas; they are chosen through a rigorous merit-based selection process.

UNIVERSITY BADGE
Student card given to each student, to be used for university services (libraries, copies etc.). The Card can also be used as a prepaid card: students just have to activate it using one of the banks listed on the website.

UNIVERSITY CREDIT (CFU)
The Italian University system measures students’ workload with CFUs (Crediti Formativi Universitari): one credit corresponds to 25 hours of activity (individual study, classroom educational activities, internships, etc...). Only by passing his/her exams and carrying out the educational activities required by his/her plan of study, can a student acquire 60 university credits per academic year - this amount is also called a course load. A First Cycle Degree Programme requires a total of 180 university credits, whereas a Second Cycle Degree Programme requires 120 credits. 1 CFU corresponds exactly to 1 ECTS (European Credit Transfer and Accumulation System).
