

Marie Curie Post-doc Positions at Ca' Foscari University of Venice

"Expression of Interest" for hosting Marie Skłodowska-Curie Fellows – Call 2019

1. Interested institution (legal person):

Ca' Foscari University of Venice

2. Department/Centre:

Department of Humanities

The Department of Humanities (DSU) aims to be a center for the innovative development of relations between different sectors of the humanities area, each characterized by their own traditions of study, sharing research themes and methodologies, but also a common interest in conserving and enhancing the multiform cultural heritage on which the specific research focuses.

Archaeological research Group. Among the department research groups, there are several archaeologists, working in the fields of Near Eastern Archaeology, Egyptology, Underwater Archaeology, and European Archaeology, from Protohistory to the Medieval period and beyond.

3. Position, scientific requirements, topic, scientific panel:

Position:

Post-doc Position

Scientific requirements:

PhD in Prehistory or Protohistory.

The fellow should have experience in:

- Methodology for the investigation and excavation of Prehistoric contexts
- Digital reprocessing methodologies for prehistoric archaeology
- Prehistoric material culture
- Experimental archaeology in Prehistory

The fellow should have leadership abilities and international experience in research and/or teaching.

- To be able to collaborate within a research group as one of the members or as principal investigator.
- Have a good knowledge of the international main research topics within the prehistoric research.
- Have a good approach with students and good communication skills.

Topic(s):

We are interested in Marie Skłodowska-Curie research proposals covering the following topics:

- 1) Reconstruction of cultural processes, with specific focus on Europe, the Mediterranean world or neighbouring regions:
- 2) Technological innovation and social change, with specific regard to European or nearby contexts;
- 3) Human/landscape interactions and their relationships with pivotal social processes, e.g. Neolithization, emergence of metallurgy or of Bronze Age complex societies, with specific regard to European or Mediterranean contexts.

Scientific Panel:

□ Chemistry (CHE)	□ Environment/Climate changes (ENV)
X□ Social Sciences and Humanities (SOC)	□ Life Sciences (LIF)
□ Economic Sciences (ECO)	□ Mathematics (MAT)
□ Information Science (ENG)	□ Physics (PHY)

See the code L-ANT/01 (Prehistory and early history) of the Academic Disciplines List for Italian University Research and Teaching (https://www.cun.it/uploads/storico/settori_scientifico_disciplinari_english.pdf)

For further details, see the list of descriptors: http://ec.europa.eu/research/participants/data/ref/h2020/other/quides_for_applicants/h2020-quide-appl-msca-if_en.pdf

4. Contact person:

Prof. Giovanna Gambacurta

Email: giovanna.gambacurta@unive.it

5. Deadline and proposal drafting:

Next MSCA-IF Call deadline is September 11th, 2019.

Drafting a Marie Curie proposal requires some time to be accurately revised and shared with the supervisor and the research advisors. Please contact us as soon as possible and **no later than May 31**st, **2019**.
