

## ECONOMICS AND MANAGEMENT

This area is the original core of Ca' Foscari. In addition to economics and management, it draws on a long tradition in the fields of accounting, finance, marketing, statistics, tourism and public administration.

## FOREIGN LANGUAGES

The linguistic area of Ca' Foscari is one of the oldest and most renowned in Italy. More than 40 Western and Eastern languages are taught, offering a wide range of curricula opportunities such as literature and philology, linguistics, translation and interpreting, as well as international relations and cultural mediation.

## SCIENCES

The scientific area was established in the 1970s; nowadays, students can major in green chemistry, environmental sciences, nanotechnologies and bio-technologies, climate change, computer science and conservation and restoration technologies.

## HUMANITIES

This area offers a wide range of degree programmes in Italian literature, history, philosophy, social sciences, as well as visual and performing arts. It also includes educational fields such as anthropology, archaeology, philology, history of art and conservation of artistic heritage.

## Career Service

The Career Service is an integrated system of activities, consultancy and guidance services that aims to promote the employability of graduates and to respond effectively to the recruiting and employer branding requirements of companies.

It operates at a central level with respect to the University and structures its activities based on the disciplinary areas that distinguish the training offer of Ca 'Foscari.

### Intermediation at work

- **Consultation**, on the University website, of anonymous CVs of students and new graduates within 12 months of obtaining the degree;
- **Counselling** on the Ca 'Foscari training offer and definition of the professional profile sought;
- **Publication** of job offers on completion of online forms, including the possibility to indicate the search for candidates for protected categories and with one or more years of experience, in collaboration with the Alumni Association;
- **Receipt** of spontaneous applications and, upon request, complete CVs from the "Your CV for placement" database.

### Support in the search and selection phase of candidates

- **Job Posting;**
- **Extrapolation** of names and complete CVs of graduates of more than 12 months;
- **CV Preselection** (promotion to focused target of one or more profiles requested by the company / reception of applications and CV pre-screening / presentation of a minimum of 10 candidates);
- **Promotion of Talent Search programs:** publication on the University website and through the Social Networks of Graduate Program, Business Game and recruitment initiatives of organizations and companies.

### Events and Employer Branding

In order to favour the **meeting between companies and students of Ca 'Foscari**, the Career Service organizes several events **from among which each company can choose** based on its business sector, the professional profiles sought and the most effective period of the year for their selection needs.

- **MeetUp with...** : company presentations to be carried out at the University or at the company headquarters;
- **Career Day** and **company visits** with customized formats designed for the different business sectors, which combine job orientation and recruiting;
- Participation of professionals as "experts in the field" to **talks** and **work orientation workshops** and events organized within the **LEI - Centre for Women's Leadership**, the University project aimed at developing inclusive leadership to support the employability of women;
- Participation of professionals in **Mentorship projects** promoted by the Career Service as mentor;
- Support for the development of **employer branding** through personalized services and actions dedicated to the selection of the best talents at Ca 'Foscari.

## Internships

The Career Service and Internship Service in Italy and Abroad are responsible for the promotion and the launch of internships in Italy and abroad for all students, recent graduates and postdocs within 12 months of obtaining the relative title.

- **Publication** of internship offers, both curricular and potential recruitment, on completion of online forms;
- **Reporting** of internship offers for the company's foreign offices;
- **Receipt** of:
  - **spontaneous applications** and, on request, **complete CVs** from the "Your CV for placement" database;
  - **applications pre-selected** through the mobility programs for traineeships with funding managed by Ca 'Foscari.
