## TEST DI PIAZZAMENTO LINGUA ITALIANA - ITALIAN LANGUAGE PLACEMENT TEST

Test di piazzamento lingua italiana

Italian Language Placement Test

Il test di piazzamento permette di individuare il livello di competenza nella lingua italiana per le abilità di lettura, ascolto e le conoscenze lessicali e grammaticali.

Il test è composto da esercizi a scelta multipla, vero/falso e riempimento e può essere provato una sola volta.

Il test è a tempo. Per ogni livello è previsto un tempo di esecuzione entro il quale completarlo.

Per svolgere il test si deve partire dal livello A1. Se il risultato sul livello è maggiore o uguale al 60/100 di risposte corrette, il sistema propone la serie di esercizi per il livello successivo.

In caso contrario, conferma il livello appena svolto e non è possibile affrontare il livello successivo.

This placement test assesses the level of a student's knowledge of Italian as far as reading, listening, grammar and lexical skills are concerned.

The test consists of multiple choice, true/false and gap filling exercises and can be taken only once.

This is a timed test and each level has a time limit within which the test should be completed.

You should start from level A1 and if your result is equal to or greater than 60/100 of correct answers, the system will submit the set of exercises for the next level, otherwise the given level will be confirmed and it will not be possible to take the following one.
