Art. 4. Selection participation procedure

- a) The selection procedure is divided into two phases:
- sit the **TOLC-E or English TOLC-E**;
 - **pre-enrolment** for the Ca' Foscari selection.

4.1. **Sitting the TOLC-E or English TOLC-E**

- a) Sitting the TOLC-E or English TOLC-E requires:
- registration for the test on the CISIA website (www.cisiaonline.it), selecting 'TOLC at the university' or 'TOLC@CASA' and registering for the test;
 - payment of the test registration fee of **€30.00**.
- b) To participate in the selection, the TOLC test must be taken by 29 August 2024.
- c) For the purposes of this call, TOLC-E or English TOLC-E tests taken from January 2023 are valid.

4.2. **"SAT" and "GMAT" tests**

- a) Candidates who obtained a total score of at least 955 out of 1600 in the SAT test or at least 490 out of 800 in the GMAT test are exempted from taking the test.
- b) During the pre-enrolment phase, candidates who have taken either the SAT or GMAT test must upload the certificate displaying the score achieved, as indicated in point 4.3 below.
- c) For the purposes of this call, SAT or GMAT tests taken from January 2023 are valid.
- d) Candidates who obtained a total score of at least 955 out of 1600 in the SAT test or at least 490 out of 800 in the GMAT test shall be positioned in the ranking on the basis of the following conversion formula:

SAT/GMAT test total score conversion

T_{SAT} = Total score achieved by the candidate in the SAT test

T_{GMAT} = Total score achieved by the candidate in the GMAT test

$T = \text{Total score equivalent to TOLC-E or English TOLC-E score}$

$$T = 0.04186 \times T_{\text{SAT}} - 30.977$$

$$T = 0.087097 \times T_{\text{GMAT}} - 33.677$$

4.3. Pre-enrolment for the Ca' Foscari selection

⚠ The online pre-enrolment procedure allows candidates to be included in the ranking for enrolment on the degree courses at Ca' Foscari University of Venice, covered by this call, using the score achieved in the TOLC-E or English TOLC-E tests.

- a) To participate in the selection, candidates must pre-enrol online from 1 July and by 29 August 2024.
- b) The online pre-enrolment procedure includes:
 - **registration** on the university website (www.unive.it/registrazione or www.unive.it/registration). Those who already possess access credentials to the Reserved Area, either for being former students or for having applied to other University programmes or courses, will not be required to register.
 - it is possible to **access the reserved area** of the <http://www.unive.it> website in three ways, depending on the student's status:
 - ✓ those who already have a student number and password (because they are former students of the university) can log in with these credentials;
 - ✓ candidates of Italian nationality, or currently residing in Italy, who do not have a student number and password, must log in with SPID. To obtain the SPID <https://www.spid.gov.it/>
 - ✓ students of a nationality other than Italian, who are not currently in Italy and who do not have a student number and password, may request access credentials via the link www.unive.it/nospidaccess;
 - **enrolment for selection**, by selecting **Admission test** in the Reserved Area. To perform this procedure, in particular, candidates must:
 - ✓ enter the details of a valid identification document and upload a copy (identity card, passport or driving licence);
 - ✓ upload, where held, language certificates of proficiency in English level B2 or self-certification in cases of exemption, as in art. 4.5;
 - ✓ choose an order of preference among the curricula for which you would like to enrol (point 4.4).
- c) Candidates who have taken either the SAT or GMAT test must upload the certificate displaying the score achieved. Candidates who have taken either the TOLC-E or the English TOLC-E test must not upload the certificate: Ca' Foscari will provide for acquisition of scores from CISIA telematically.
- d) Once the online procedure has been completed, candidates shall receive a confirmation email at the email address provided during registration.
- e) At the end of the pre-enrolment procedure, candidates will be able to print the pre-enrolment receipt with the pre-enrolment number that will be used to publish the final ranking.
- f) Once the pre-enrolment procedure has been completed, changes may only be made to the choice of degree programmes and no later than 29 August 2024.
- g) In the event of difficulties in completing the pre-enrolment procedure, candidates can request support from the Enrolment Area, on the page: <https://www.unive.it/faqsforstudents>.

4.4. Choice of curricula

- a) In the degree programme pre-enrolment phase, pursuant to art. 1, letter a), you can specify up to 3 choices, expressing an order of preference (1st, 2nd and 3rd choice), which shall be binding for the purposes of enrolment on the course.
- b) If candidates are not classified in a position of admission to their 1st choice, the place in the 2nd choice course will be considered. If candidates are not classified in a position of admission to their 1st and 2nd choices, the place in the 3rd choice course will be considered.

For example: Mario Rossi has chosen to compete for a place on the Economics and Business programme (Economics and Business curriculum) (1st choice) and the Business Administration programme (Business Administration and Management curriculum) (2nd choice).

If he is classified for admission to both choices, he will only be admitted to the degree course in Economics and Business (Economics and Business curriculum) (1st choice) and the classification in the ranking for Business Administration (Business Administration and Management curriculum) (2nd choice) will be cancelled. He can therefore accept the place and enrol only on the degree programme in Economics and Business (Economics and Business curriculum) (1st choice).

If he is not admitted to the Economics and Business programme (Economics and Business curriculum) (1st choice) and admitted to the Business Administration programme (Business Administration and Management curriculum) (2nd choice), he can:

- **accept** the place on the degree programme in Business Administration (Business Administration and Management curriculum) (2nd choice): in this case, he must subsequently complete the enrolment, under penalty of removal from the ranking, on the degree programme in Business Administration (Business Administration and Management curriculum) (2nd choice) and cannot under any circumstances request the transfer to the degree programme in Economics and Business (Economics and Business curriculum) (1st choice).
- **not accept** the place on the degree programme in Business Administration (Business administration and management curriculum) (2nd choice) and apply for one of the places that may be vacated due to withdrawals.

If he is not admitted in any of the rankings, he can enrol only if he is classified for admission in ranking changes due to withdrawals b (see art.8, point 3).

4.5. English language certificate of at least level B2

- a) Enrolment for the curricula taught in English (Business Administration - Business Administration and Management curriculum, Economics and Business - Economics, Markets and Finance curriculum) is subject to possession of a certificate of at least level B2 in English.
- b) The list of recognised certificates and exemptions are published on the dedicated page (www.unive.it/language-requirements).
- c) The admission test does not constitute verification of English language proficiency of at least level B2.
- d) Candidates will be able to upload the language certificate attesting at least level B2 in English, or the self-certification form in cases of exemption, during the pre-enrolment procedure. The admission ranking will give evidence of the evaluation of the submitted documentation. Eligible candidates who do not meet the language requirement will necessarily have to recover it within the deadlines for enrolment.

Art. 5. TOLC-E or English TOLC-E

5.1. General information

- a) TOLC-E and English-TOLC-E tests are a tool for the orientation and evaluation of initial skills, delivered on a computerised platform and managed by the Interuniversity Consortium of Integrated Access Systems (CISIA). These are individual tests, that differ from student to student, made up of questions automatically and randomly selected from the CISIA TOLC database using proprietary software, created and managed by CISIA. All the TOLC tests generated, of the same type, are of the same difficulty level. The CISIA TOLC database, containing the questions used in the tests, is protected and validated by scientific commissions specifically established by CISIA.
- b) Students admitted to the TOLC test are enrolled in the fourth or fifth year of high school or have already been awarded a diploma.
- c) The TOLC test can be repeated, but only once a month (calendar month).
- d) For the purposes of the selection of this call, the best score of all TOLC-E and English TOLC-E tests taken will be considered.
- e) The CISIA website (www.cisiaonline.it) offers TOLC test simulations and provides special manuals and mentors to prepare for the test.

5.2. TOLC modes

- a) TOLC-E and English-TOLC-E can be sat in both the following modes:
 - **TOLC at the University**, every participant sits the test in apposite IT classrooms provided by the University, via CISIA IT platform:
 - **TOLC@CASA (TOLC at home)**, every participant sits the test at home, through CISIA IT platform, in virtual, safe and controlled classrooms, where every candidate can be identified and can take the test independently.

5.3. Test subjects

- a) The TOLC-E is made up of 36 questions (13 logic, 10 verbal comprehension and 13 maths). There are also 30 questions in English, whose results do not affect the score for the admission covered by this call.
- b) The English TOLC-E is made up of 36 questions (13 logic, 10 verbal comprehension and 13 maths).

- c) The questions on Logic and Verbal Comprehension test the candidates' aptitude rather than ascertaining knowledge acquired at high school. Therefore, they do not require specific preliminary preparation.
- d) The maths section includes Number properties and operations on numbers (integers, rational numbers, real numbers). Absolute value. Polynomials (operations, factorisation). Algebraic equations and inequalities of first and second degree or reducible to these. Powers and roots. Exponentials and logarithms. Calculations with the use of logarithms. Fractional, irrational, logarithmic and exponential rational equations and inequalities. Literal calculation. Practical resolution of simple linear systems. Cartesian coordinates. Equations of straight lines and simple geometric loci (parabola, circumference, hyperbola, ellipse). Graphs of elementary functions.
- e) The TOLC-E lasts 1 hour and 30 minutes. The English section involves an additional 15 minutes; the results of the English section do not affect the evaluation outlined in this call nor does it replace any language assessments required by the degree programme for admission. This section only constitutes a sort of self-assessment for the student and makes the test more interchangeable on national level with other test centres.
- f) The English TOLC-E lasts 1 hour and 30 minutes.
- g) The test result, with the exception of the English language assessment section of the TOLC-E, is determined as follows:
- correct answer 1 point;
 - wrong answer minus 0.25 points;
 - answer not given 0 points.

Art. 6. Sitting the TOLC@CASA test

6.1 Dates

- a) It is possible to sit the TOLC test, either as TOLC at university or TOLC@CASA, in any of the University venues participating in TOLC-E: the list of participating university and scheduled administration dates can be found at www.cisiaonline.it.
- b) Ca' Foscari organises TOLC-E and English TOLC-E tests in TOLC at University mode on the following dates:
- 24, 25, 30, 31 July 2024;
 - 20, 21, 22, 23, 27, 28, 29 August 2024.

 - Candidates are responsible for the correct conduct of the test and for any damages or fraudulent actions against the tools made available by the university participating to the test.
 - In the event of technical problems during the test candidates must immediately inform the examination board, which will provide the necessary assistance.
- c) Regulations for students to take the TOLC at University can be found by accessing the link: <https://www.cisiaonline.it/area-tematica-tolc-cisia/regolamenti/>

6.3. Support for candidates with disabilities and candidates diagnosed with specific learning disabilities (DSAs)

- a) The test is organised by the University taking into account the individual needs of candidates with disabilities, in accordance with Italian Law no. 104/1992 and subsequent amendments and students with DSAs pursuant to Italian Law no. 170/2010.
- b) Should candidates with a disability or specific learning disabilities wish to use individualised methods for performing the admission test, they must submit a specific request, attaching the relevant certification, during the TOLC-E enrolment phase. Requests will be evaluated on the basis of the documentation presented. In particular:
 - candidates with disabilities can sit the admission test using the necessary aids and with additional time relative to the specific disability;
