SAMPLE COMPOSITION AND GENERAL INFORMATION ON THE POPULATION

Count of completed questionnaires and target population

<i>Population number</i>	<i>Number of administred surveys</i>	<i>Sampling fraction</i>
1,968	902	45.8%

Note: the population to which the questionnaire was administered does not include newly enrolled students as they cannot express an opinion on the previous academic year. In this table, those who answered at least one of the questions are considered respondents to the questionnaire.

NOTE

When services/facilities required students to provide a short answer, feedback was expressed according to the following numerical response scale:

Negative: 1: Definitely disagree - 2: Mostly disagree

Positive: 3: Mostly agree - 4: Definitely agree

The percentage of positive assessments and the grade point average are calculated on the total of valid answers, excluding the option "not applicable (N/A)".
