**ART. 1 - INTRODUCTION AND PURPOSE**

1. The admission procedure for educational activities called "microcredentials" is now open.
2. Microcredentials certify the learning outcomes of a short, voluntary learning experience, such as a course or short-term training. They provide a flexible and targeted way to help students develop knowledge, skills, and competencies for personal and professional growth.
3. The Venice School of Management offers microcredentials within the following Master's Degree Programmes:
  - [EM60] Management and Sustainability
  - [EM16] Global Accounting and Finance
  - [EM17] Innovation and Marketing

3. Microcredentials involve 15 hours of teacher-led activities, either online or in-person, and enable the earning of 3 CFU (ECTS). Students interested in participating must add this to their study plan. When filling in the study plan, on the Tirocinio/Internship page, students must choose the block corresponding to 6 CFU (ECTS) for the internship and 3 CFU (ECTS) for the microcredential.
4. Classes will be held in the second semester of the 2024/2025 academic year. The schedules will be published on the page <https://www.unive.it/web/it/6639/microcredenziali-3-cfu>
5. The microcredentials activated for the 2024/2025 academic year are as follows:
