**\*\* Elective courses:**

Among the 12 credits to be chosen by the student, it is possible to add the following courses, filling in the Course Plan online:

- courses within clusters A-B not previously chosen by the student
- courses activated in the master's degree programs of the economic area as long as they are not equivalent to those of a student's own study plan. The inclusion of non-economic courses in the study plan must be properly motivated and is subject to evaluation by the Academic Board. See the indicated application procedure <https://www.unive.it/pag/32155/>

\*\*

Furthermore, students can insert in their Study Plan the activities of the "Didattica Innovativa e Digital Learnign" as optional credits or additional credits. The admission to some of these activities can be subject to a selection process, whose results will be announced by the Ca' Foscari University. If no selection process is required, students can freely choose one or more activities from the "Active learning Center" by adding it/them when filling in the study plan. For further information, please visit the webpage: <http://www.unive.it/pag/35246/> > Enhance your Degree>Discover our Active learning Center

The evaluation of the elective courses is based on a criterion of consistency with the student's educational project. The elective exams equivalent to other mandatory courses included in the study plan will be canceled

**PLEASE NOTE:**

Due to organizational concerns **courses within clusters A-B** and **elective courses** may overlap with each other. The only exam session with no overlapping is the 1<sup>st</sup> exam session at the end of the course. The class timetable could be scheduled from Monday to Friday, not only in three days per week.
