EVENTI E ATTIVITÀ

(D.M. MUR 291/2024)

2024

Kick off meeting

DOCTORAL COLLOQUIUM ON RISK ANALYTICS (DOCRA)

15-16 novembre 2024

Meeting Room 1, San Giobbe Economic Campus - Venice

A joint initiative of Collegio Internazionale Ca' Foscari (team leader), IUSS, IMT, Scuola Superiore F. Rossi di Torino, SISSA, Scuola di Studi Superiori "Carlo Urbani" di Camerino, Scuola di Studi Superiori Giacomo Leopardi di Macerata, Scuola Superiore Universitaria Di Toppo Wassermann di Udine. The Colloquium is a training initiative and research impulse for Doctoral students interested in analytical (both theoretical and empirical) methods for the measurement, management and mitigation of risks.

PROGRAMMA

Friday 15

14.30 **Arrival and setup**

15.00 **Introduction to 291/2024 and DoCRA**
M. Li Calzi

15.15 **Contents and organization for first
and second sessions**

16.30 Coffee Break

17.00 **Contents and organization for third
and fourth sessions**

18.15 **End of day 1**

19.30 Dinner

Saturday 16

9.15 **Strategies for the promotion of DoCRA
and the recruitment of potential PhD
students**

10.30 **Presentation of organizational draft**

11.00 Coffee Break

11.30 **Review and comments – draft is
finalized**

12.45 **Meeting ends**

Information: colloquia.cicf@unive.it

This project received funding under the provision of D.M. 291/2024 from the European Union Next-GenerationEU - National Recovery and Resilience Plan (NRRP) – CUP N. H77G24000190007.

2025

Session 1

DOCTORAL COLLOQUIUM ON RISK ANALYTICS (DOCRA)

MODERN RISK MEASUREMENT

February, 24 – March, 7, 2025

San Servolo Island, Venice

Week 1

Monday 24.02 to Friday 28.02

Measuring and comparing risks

Lecturer: **Alfred Muller**, U. Siegen

Friday 28.02

GUEST LECTURE on Anatomy and physiology of a cat-risk model

Speaker: **Mario Martina**, USS Pavia

Week 2

Monday 3.03 to Friday 7.03

Emerging risks for actuaries: NatCat insurance and climate change

Lecturer: **Hansjörg Albrecher**, U. Lausanne

Information: colloquia.cicf@unive.it

The Colloquium is an honour course for Doctoral students interested in analytical methods for the measurement, management and mitigation of risks. It is organized by Ca' Foscari International College within the framework of the Project 'Educating Future Citizens' This project received funding under the provision of D.M. 291/2024 from the European Union Next-GenerationEU - National Recovery and Resilience Plan (NRRP) – CUP N. H77G24000190007.

Session 2

DOCTORAL COLLOQUIUM ON RISK ANALYTICS (DOCRA)

NEW CHALLENGES ON LONG-RUN RISKS

July, 28 – August, 8, 2025

San Servolo Island, Venice

Week 1

Monday 28.07 to Friday 1.08

MacroFinTech

Lecturer: **Max Croce**, U. Bocconi

Friday 1.08

GUEST LECTURE on Horizon risk, what is it and how to tackle it in a dynamic way

Speaker: **Giulia Di Nunno**, U. Oslo

Week 2

Monday 4.08 to Friday 8.08

Model free pricing and estimation of financial risks

Lecturer: **Fabio Trojani**, U. Geneva, U. Torino and SFI

Information: colloquia.cicf@unive.it

The Colloquium is an honour course for Doctoral students interested in analytical methods for the measurement, management and mitigation of risks. It is organized by Ca' Foscari International College within the framework of the Project 'Educating Future Citizens'

This project received funding under the provision of D.M. 291/2024 from the European Union Next-GenerationEU - National Recovery and Resilience Plan (NRRP) – CUP N. H77G24000190007.

Session 3

DOCTORAL COLLOQUIUM ON RISK ANALYTICS (DOCRA)

AI FOR RISK

September, 15 – September, 26, 2025

Santa Marta Camplus, Venice

Week 1

Monday 15.09 to Friday 19.09

Predictive uncertainty in Machine Learning with conformal inference

Lecturer: **Stefano Favaro**, U. Torino and Collegio Carlo Alberto

Friday 19.09

GUEST LECTURE on Introduction to CyberRisk

Speaker: **Alessandro Armando**, U. Genoa and IMT Lucca

Week 2

Monday 22.09 to Friday 26.09

Concepts of Deep Learning and applications to Finance and Risk Management

Lecturer: **Christa Cuchiero**, U. Vienna

Information: colloquia.cicf@unive.it

The Colloquium is an honour course for Doctoral students interested in analytical methods for the measurement, management and mitigation of risks. It is organized by Ca' Foscari International College within the framework of the Project 'Educating Future Citizens'. This project received funding under the provision of D.M. 291/2024 from the European Union Next-GenerationEU - National Recovery and Resilience Plan (NRRP) – CUP N. H77G24000190007.

2026

Session 4

DOCTORAL COLLOQUIUM ON RISK ANALYTICS (DOCRA)

NETWORKS AND RISK PROPAGATION

January, 18 – 31, 2026

Polo didattico San Basilio, Tesa 4, Venice

Week 1

Monday 19.01 to Friday 23.01

Random graphs and complex networks: Structure and function

Lecturer: **Remco van der Hofstad**, Eindhoven U. of Technology

Friday 23.01

Guest lecture on Network Econometrics: Extraction and Modelling

Speaker: **Monica Billio**, Ca' Foscari University of Venice

Week 2

Monday 26.01 to Friday 30.01

Production Networks

Lecturer: **Alireza Tahbaz-Salehi**, Northwestern U.

Information: colloquia.cicf@unive.it

The Colloquium is an honour course for Doctoral students interested in analytical methods for the measurement, management and mitigation of risks. It is organized by Ca' Foscari International College within the framework of the Project 'Educating Future Citizens'. This project received funding under the provision of D.M. 291/2024 from the European Union Next-GenerationEU - National Recovery and Resilience Plan (NRRP) – CUP N. H77G24000190007.

This facility has been equipped with innovative multimedia technology within the framework of the project 'Educating Future Citizens'. This initiative received funding under Ministerial Decree (D.M.) 291/2024 from the **European Union NextGenerationEU – National Recovery and Resilience Plan (NRRP)**.

Enhancing Emotional and Social Competencies for Career Readiness (ESCs-CR)

Spring School

This program is organised within the framework of the project EFC: Educating Future Citizens and is specifically designed to bridge the gap between academic knowledge and professional success.

The Spring School is designed to be a compelling personal journey through which participants will engage in discovery of their future career aspirations and craft a learning path that will allow them to nurture those emotional and social competencies (ESCs) necessary to attain their personal and professional goals.

Introduction Ideal Self

SCIENCE COMMUNICATION FRIDAYS

March 20th, April 17th, May 8th and 15th, 2026
CFZ – Ca' Foscari Zattere, Tesa 1 and 2

Deadline registration: March 17th, 2026

Science and research communication is not limited to writing an academic paper: it is so much more. From radio to data visualization, throughout this program you will learn about different mediums and methods you can use to communicate your research to a diverse audience. During these workshops you will have hands-on sessions to help you develop the tools necessary to present your research with clarity and creativity, making your work more visible, relatable, and impactful

March 20th 10.00 – 16.00
Media Contacts for Researchers
Fred Balvert

April 17th 10.00 – 16.00
Data Visualisation for Research
Angela Morelli and Tom Gabriel Johansen

May 8th 10.00 – 16.00
Make it audible: Communicating research on radio & podcasts
Elisabetta Tola

May 15th 10.00 – 16.00
Basics of Science Communication & Writing
Mirko Bischofberger

Each session will accommodate a maximum of 20 participants.

Open to:

- Allievi of the Italian Advanced Schools;
- PhD candidates and early-career researchers at Ca' Foscari University of Venice.

Participants can register for individual sessions according to their interests and needs. Priority will be given to college students from Venice and the EFC Network, with a maximum of 10 participants for this category.

To apply, complete and submit this online form

Session 5

DOCTORAL COLLOQUIUM ON RISK ANALYTICS (DOCRA)

DECENTRALIZED FINANCE AND RISK CHALLENGES FROM CBDCs AND CRYPTO MARKETS

13-24 April 2026

Polo didattico San Basilio, Venice

Week 1

Monday 13.04 to Friday 17.04

Decentralized Finance

Lecturer: **Alfred Lehar**, U. Calgary

Friday 17.04

GUEST LECTURE on Climate Finance: Risks and responses

Speaker: **Francesca Zucchi**, European Central Bank

Week 2

Monday 20.04 to Friday 24.04

Anticipating new risk channels from CBDCs, Stablecoins, and Crypto Markets

Lecturer: **Gina Pieters**, Digital Economy Consulting, and Cambridge Centre for Alternative Finance, U. Cambridge

Information: colloquia.cicf@unive.it
